Draft Flint Water Operations Plan
January 22, 2016

The State of Michigan's emergency response to the Flint water crisis will involve several phases: Initial Mass Distribution; a distribution Surge, Volunteer Expansion (an increase in the utilization of the volunteer force to distribute commodities over the longer term, Ongoing Resourcing, and Long Term Recovery.

Initial Distribution – Add completion date?

- Canvassing teams were initiated by the sheriff and fleshed out by MSP, American Red Cross, National Guard, and volunteers.
- Goal – Touch every residence with water, filters, filter cartridges, and test kits to demonstrate we have attempted to supply all residences with potable water.
- Canvassing was based on geographic areas to make the distribution as efficient as possible.
- Points of Distribution (PODS) established at 5 Flint fire stations to distribute water, filters, filter cartridges, and test kits; initially ARC staffed, then replaced by National Guard.
- 2-1-1 used to address all questions and serve as POC for all special needs requests (hot shots).
- Initial Distribution complete the morning of January 21 based on feedback from local EOC.

Surge

- A resource surge, including 38 National Guard and American Red Cross canvassing teams began January 21. Daily missions were intended to reach as many households as possible who may not have been reached in the initial distribution. The surge included water, filters, filter cartridges and test kits.
- Goal – Reach every residence with water, filters, filter cartridges, and test kits.
    - Metric 1 – Every household will be identified as having either been reached and resources distributed or information left at the door as to how to have resources delivered.
- Canvassing was based on geographic areas to provide manageable areas for each team and to assure that areas where risks of lead contamination or vulnerable populations were known to be more likely were adequately covered. Also, where distribution in the Initial Distribution phase needed additional support were identified and re-canvassed.
- Points of Distribution (PODS) staffed by National Guard continue at 5 Flint fire stations to distribute water, filters, filter cartridges, and test kits.
- 2-1-1 is addressing all questions and serving as Point of Contact for all special needs requests (hot shots).
- Surge completion is planned for COB January 24; remaining hot shots will be addressed by ARC or other volunteer teams.

Volunteer Expansion

- Goal – Move from manual distribution mechanism to less labor intensive processes.
    - Metric – One year of availability and supply of water and other commodities to every household and franchise customer.
- Develop messaging for the transition to a more volunteer/community based distribution of water, filters, cartridges, and test kits noting Fire Station PODS to be relocated to locally operated PODs by January 31 (*Suggested alternate: February 12*).
- Identify new water only PODs operated by local non-governmental agencies, faith-based organizations or other volunteer groups.
- With a working group of SEOC staff and local agencies, develop and implement best methodology for long-term distribution of filters and filter cartridges by *the target date*.
- Volunteer Expansion complete by COB January 31 (*or February 12*).

Ongoing Resourcing

- Goal – Implement long-term, workable processes to sustain provision of potable water to residents.
    - Metric – Every household and franchise customer has access to adequately filtered water ~~at each faucet~~ within the home.
- Develop messaging for implementation of this phase and transition to next phase.
- Water distribution by the city or by faith-based or other volunteer groups.
- Establish long-term filter distribution process using USPS, vouchers, Bridge style cards, or other measureable program.

Long Term Recovery

- Goal –water distribution operations are normalized.
    - Metric 1 – Households are served by the Flint water system.
    - Metric 2 – Households do not require filtration at the faucet.
    - Metric 3 – All water tests meet or exceed all established water quality metrics and regulations.
- Ongoing public messaging and education are offered free to the public by a variety of public message outlets, media, extension courses and community workshops and seminars.
- All recommended solutions are implemented. Analyses are complete, and public trust in Flint water is re-established.
    - Metric 1 – Surveys indicate that __% of residents and customers agree that the water tastes fresh and they trust test results.

**Dates are to be negotiated and confirmed by all parties involved.

Submitted by	Program	Agency	Point of Contact	Type of Support (Ind. / Gov.)	Eligibility Guidelines	Benefits Available	Application Process	Other
DHHS - Steven Betterly - 1/15/16	Disaster Loans	Small Business Administration	SBA Michigan Dist. Office 477 Michigan Ave., Suite 515 McNamara Building, Detroit, MI Ph. 313-226-6075	Low-interest loans for Individuals and Business who need to replace lead service lines to homes and businesses or replace / repair	You must be in an SBA declared disaster area to be eligible for SBA disaster assistance.	SBA provides low-interest disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters. SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets.	Go to: www.sba.gov/loans-grants	Flint not yet eligible as a Federally Declared Disaster.
DHHS - Steven Betterly - 1/15/16	Congregate Meal for Seniors	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older.	Provides nutritious meals at no cost for individuals age 60 and older.	None	
DHHS - Steven Betterly - 1/15/16	Home Delivered Meals	Valley Area Agency on Aging	Contact VAAA at 810-239-7671 or www.valleyareaaging.org	Individuals age 60 and older	Any individual age 60 or older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Delivers to the home nutritious meals at no cost for individuals age 60 and older who are unable to leave their home to obtain food or cannot prepare meals for themselves in their home.	Individual assessment by Valley Area Agency on Aging staff.	HDM program may use a waitlist when demand exceeds funding.
DHHS - Steven Betterly - 1/15/16	Water Pipe Polymer Lining	Hobas Pipe USA	U.S Corporate Headquarters 1413 Richey Road, Houston, TX 77073-3508 Ph. 800-856-7473 Email: info@hobaspipe.com	Government - Example companies that retrofit corroded pipe typically for less cost than replacement.	None	HOBAS (CCFRPM) Pipes are centrifugally cast, glass-fiber-reinforced, polymer mortar. These large diameter pipes are ideally suited for nearly all corrosive piping applications. HOBAS pipes may be installed by a variety of installation methods. HOBAS pipes can be economically designed for non-pressure and pressure service by varying the quantity, placement, and orientation of the glass-fiber reinforcements.	Sales Office	An example of one possible solution using pipe lining sleeves in the worst lead leaching areas instead of digging up and replaceing transmission mains and services lines.

MDARD - Brad Deacon - 1/19/16	USDA Rural Development Business & Industry Loan Guarantee	USDA Rural Development	James Turner, Michigan Director, USDA Rural Development	Businesses, Nonprofits, Government loan guarantees	Lenders apply for loan guarantees for borrowers. Though most USDA Rural Development programs are limited to rural areas, this program has the authority to fund local food infrastructure in urban areas as long as the project supports farm and ranch income and expands healthy food access in underserved communities.	Loan guarantees for business development, enlargement, purchase of facilities & upgrades, purchase of equipment.	Rolling applications; contact lender or USDA Rural Development Michigan office for more information.	http://www.rd.usda.gov/files/Local_Food_Fact_Sheet_20150401.pdf
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Farmers Market Promotion Program	USDA Agricultural Marketing Service	FMPP Staff by email at USDAFMPPQuestions@ams.usda.gov or by phone 202-720-0933	Grants to Businesses, Nonprofits, Governments	Entities that are eligible to apply include: Agricultural businesses, Agricultural cooperatives, Community Supported Agriculture (CSA) networks, CSA associations, Economic development corporations, Local governments, Nonprofit corporations, Producer networks, Producer associations, Public benefit corporations, Regional farmers' market authorities, Tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fmpp
MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Local Food Promotion Program	USDA Agricultural Marketing Service	LFPP staff by e-mail at USDALFPPQuestions@ams.usda.gov or by phone at 202-720-2731.	Grants to Businesses, Nonprofits, Governments	The Local Food Promotion Program (LFPP) offers grant funds with a 25% match to support the development and expansion of local and regional food business enterprises to increase domestic consumption of, and access to, locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets. There are two types of project applications are accepted under LFPP—planning grants and implementation grants. Applicants can apply for either but will receive only one type of grant in the same grant cycle. Eligible entities may apply if they support local and regional food business enterprises that process, distribute, aggregate, or store locally or regionally produced food products. Such entities may include: Agricultural businesses and cooperatives, Producer networks and associations, Community supported agriculture networks and associations, Other agricultural business entities (for-profit groups), Nonprofit and public benefit corporations, Economic development corporations, Regional farmers' market authorities, Local and tribal governments	The minimum FY 2015 award per grant was $15,000 and the maximum $100,000.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/lfpp

MDARD - Brad Deacon - 1/19/16	USDA Agricultural Marketing Service Federal State Marketing Improvement Program	USDA Agricultural Marketing Service	Federal-State Marketing Improvement Program, Transportation and Marketing Programs, Agricultural Marketing Service, USDA, 1400 Independence Ave SW, Room 4549-S, Washington, DC 20250, Tel: 202-720-5024, Fax: 202-690-1144, E-mail: janise.zygmont@ams.usda.gov	Grants to state agencies & universities	FSMIP provides matching grant funds to conduct applied research projects that explore new market opportunities for U.S. food and agricultural products and improve the efficiency and performance of the U.S. agricultural marketing system. These grants are awarded on a competitive basis to State departments of agriculture, forestry, natural resources, or energy, as well as other State agencies such as experiment stations, universities, and colleges. Projects can focus on a wide variety of agricultural research goals, including increased sales of value added meat products, aquaculture, fresh and processed products, local and regional food systems, forestry, bioenergy, and horticulture. Proposals that benefit one business or individual will not be considered. Proposals that address issues of importance at the State, multi-State, or national level are encouraged.	2015 FSMIP Projects: Total Funding: $1,005,906; Average Grant: $67,060; 15 projects in 14 States.	2015 grant cycle applications were due May 14, 2015; 2016 cycle not yet announced.	http://www.ams.usda.gov/services/grants/fsmip/apply
MDARD - Brad Deacon - 1/19/16	Specialty Crop Block Grant Program	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government	Examples of “enhancing the competitiveness” of specialty crops includes, but is not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, increased knowledge and consumption, increased innovation, improved efficiency and reduced costs of distribution systems, environmental concerns and conservation, product development, good agricultural practices, good handling practices, and good manufacturing practices. Increasing competitiveness may include developing local and rural agricultural economies, and improving food access in underserved communities.	The Michigan Department of Agriculture and Rural Development (MDARD) offers the Specialty Crop Block Grant Program-Farm Bill (SCBGP-FB) through the United States Department of Agriculture/Ag Marketing Service (USDA/AMS); the funding is from the federal allocations. Specialty crops are defined as “fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops, including floriculture.” Included are listings of plants commonly considered as fruits and tree nuts; vegetables; culinary herbs and spices; medicinal herbs; and nursery, floriculture, and horticulture crops.	MDARD will release a request for proposals in early February 2016 for funding consideration. Applicants may request up to $100,000 in funding and approved projects cannot begin work until after October 1, 2016.	
MDARD - Brad Deacon - 1/19/16	Value Added Grant Program (State funding)	Nancy Nyquist, Michigan Department of Agriculture and Rural Development	Nancy Nyquist, Michigan Department of Agriculture and Rural Development Agriculture Development Division, P.O. Box 30017, Lansing, Michigan 48909, Phone: (517) 284-5735, EMail: nyquistn@michigan.gov	Government				This grant program is currently under review by the Michigan Department of Agriculture and Rural Development. It is anticipated that a late winter/early spring 2016 request for proposals will be available with funding of projects up to $150,000 with a 25% (minimum) match requirement of total project costs. Proposals should be focused on the following areas: Technical assistance, Feasibility studies, increasing the economic value of a commodity through production processes, export market opportunities, and projects that intend to establish, retain, expand, attract and/or develop value added agricultural processing in the
TED - Lynne A. Feldpausch - 1-15-16	Redevelopment Ready Communities	Agency Responsible for program: MEDC	Jennifer Rigterink	Government Support	Eligibility Guidelines: Flint is in the program and is an eligible applicant	Benefits Available: Technical Assistance dollars that could be used for training on planning/marketing/crisis management, etc.	Application Process: Request from community	
TED - Lynne A. Feldpausch - 1-15-16	Core Communities Fund	Agency Responsible for program: MEDC	Katharine Czarnecki	Government Support	Eligibility Guidelines: Flint is an eligible applicant as a Core Community	Benefits Available: Up to $250,000 is available to be used for economic development activities, infrastructure is eligible.	Application Process: Form for community to complete, but should work directly with MEDC staff	
TED - Lynne A. Feldpausch - 1-15-16	Collateral Support Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of collateral.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch - 1-15-16	Loan Participation Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Borrower must be primarily operating in one of the following industries: manufacturing, wholesale & trade, research & development, mining, film & digital media productions, HQ office operations, or businesses that are qualified high technology businesses. Support limited to the lesser of 49.9% of the loan amount or $5,000,000. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to a lack of cash flow in the near term.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	

TED - Lynne A. Feldpausch - 1-15-16	Loan Guaranty Program	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: A federally regulated bank or credit union or certified development financial institution willing to provide new debt to a qualified for profit operating company. Support limited to not more than of 80% of the loan amount. Fees of 1-3% of MSF support amount at closing and annually thereafter.	Benefits Available: Provide access to capital to companies that would otherwise not be able to access that capital due to increased risk as determined by the senior lender.	Application Process: The lender provides its underwriting document, along with an application form and company background check form, to MEDC Capital Access for evaluation and due diligence.	
TED - Lynne A. Feldpausch - 1-15-16	Private Activity Bond	Agency Responsible for program: MEDC	Chris Cook	Individual	Eligibility Guidelines: Borrower must be primarily involved in manufacturing, be a not-for-profit corporation, or be a solid or hazardous waste disposal facility. Maximum bond amount is $1 million free of any restrictions on capital expenditures or $10 million subject to the condition that the company's total capital expenditure in the locality over the three years before and three years after the date of the issuance does not exceed $20 million. There is no size limit for bonds issued to finance solid or hazardous waste disposal facilities. Fees apply based on the amount of the bond	Benefits Available: Provide firms with capital cost savings stemming from the difference between taxable and tax-exempt interest rates.	Application Process: Applicant prepares an application for the bond and submits it to MSF staff. MSF considers an inducement resolution at its public meeting recognizing the public purpose of the project. Applicant structures the financing and bond counsel begins to prepare documents. MSF considers adoption of authorizing resolution.

The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	
TED - Lynne A. Feldpausch - 1-15-16	United States Department of Commerce – Public Works and	Agency Responsible for program – US EDA	Jennifer Tebedo	Government	Eligibility Guidelines – EDAP makes construction, non-construction, and revolving loan fund investments to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, and encourage economic resilience.	Benefits Available – cash grant	Application Process – Applications are accepted on a continuous basis through the regional or State Office.	

TED - Lynne A. Feldpausch - 1-15-16	Program Names: Community Development Block Grant Program (CDBG) and HOME	Michigan Strategic Fund/Collaborative Community Development and Michigan State Housing Development Authority	CDBG: Michigan Strategic Fund/Collaborative Community Development Contact Person: Katherine Czarnecki Phone Number: 517.241.4950 and HOME: Michigan State Housing Development Authority Contact Person: Michelle Wildman Phone Number: 517.373.4363	Type of Support: CDBG and HOME Federal Assistance	Eligibility Guidelines – There is a lot of flexibility overall within CDBG. Note: activities identified in the City of Flint's Consolidated Plan include: "Community Development and Infrastructure - The City has 540 miles of water distribution lines, 570 miles of sanitary lines, and 350 miles of storm rain water lines. Much of this infrastructure is over 100 years old and in need of reconstruction or replacement. Insufficient funds are the major obstacle to addressing this need. CDBG and municipal financing represent a fraction of what is needed to address the problem. Additional funds from state and federal sources are needed and are being sought. CDBG will help fill the gap of inadequate resources to maintain community facilities and increase services." For additional details go to the attached hyperlink City of Flint Consolidated Plan Link.	Overall CDBG can be used for: Acquisition of Real Property; Disposition; Public Facilities and Improvements; Clearance; Public Services; Interim Assistance; Relocation; Loss of Rental Income; Privately-Owned Utilities; Rehabilitation; Construction of Housing; Code Enforcement; Special Economic Development Activities; Microenterprise Assistance; Special Activities by CBDOs; Homeownership Assistance; Planning and Capacity Building; Program Administration Costs and Miscellaneous Other Activities. CDBG can be qualified based on Urgent Need: An activity designated to alleviate existing conditions and the grantee certifies that those conditions are a serious and immediate threat to the health or welfare of the community, they are of recent origin or recently became urgent, the grantee is unable to finance the activity on its own, and other sources of funds are not available. CDBG can be qualified based L/M Income Area Benefit: Can be used for an activity the benefits of which are available to all the residents in a particular area that is primarily residential, and at least 51% of those residents (or fewer if the exception criteria apply) are L/M income persons. **See hyperlink page 37 for a list of eligible census tracts.	Benefits Available/Application Process: Undetermined – contact with the City of Flint regarding current allocation balances for FY15 and prior years is recommended.	
TED - Lynne A. Feldpausch - 1-15-16	Housing Choice Vouchers (HCV)	HUD, MSDHA	Kelly Rose	Individual, Rental Assistance	80% of applicants must be below 30% AMI, 20% below 50% AMI. Applicants must pass criminal screening that they do not have any violent crime in the past 24 months or drug offenses in last 12 months.	HCV program pays a portion of the participants rent and utilities. It does not have any home repair funding component.	MSHDA has a Homeless preference—homeless service agencies across the state can enter homeless person's application on waiting list. Non-homeless individuals/families must apply when the County resident waiting list is open for applications. This happens periodically when waiting lists get low on applicants. When vouchers are available names are pulled off the waiting list and applicants are contacted to fill out an application so their eligibility can be determined. Once eligibility is determined, they are issued a voucher and search for a rental unit. The unit is then inspected for HUD's HQS standards (does not have a water quality component) and if the unit passes a contract with the landlord is done and the family moves into the unit.	This program is not able to directly help with the Flint water issue. We are formulating a plan in consultation with HUD as to notifying individuals of their ability to get free water filters, etc. as well as their options for moving if they would like to relocate. We are also considering inspecting all homes with children 6 and under for proper installation of water filters.
TED - Lynne A. Feldpausch - 1-15-16	Section 8 Project Based Rental Assistance (Subsidized and Public Housing)	HUD, MSHDA	Daphne Wells	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these	Housing is available to income eligible individuals at these specific properties. Eligible applicants must apply individually at each property in which they are interested in living at and each property has a tenant selection criteria that is adhered to for prospective applicants. Each individual property maintains its own waiting list for applicants wishing to reside there.	This program wouldn't have any benefits available to the Flint Water issue in that the Section 8 housing is tied to a specific property and only offers rent assistance.	Applicants can apply at each individual rental property	The only thing that really fits this category (Subsidized and Public Housing) is the Section 8 program as it provides rental assistance to tenants. Nothing in the program can help as it relates to the water issue as the assistance is tied to the building itself. There isn't anything in the program that would help in this situation except using our contacts with agents and owners in Flint to provide them information as we have talked about.

TED - Lynne A. Feldpausch - 1-15-16	MSHDA Housing Development Fund	MSHDA	Brian Mills	Individual. It provides rental assistance to tenants who reside at a property that has a project based rental assistance Section 8 contract with HUD. MSHDA administers this subsidy as a HUD subcontractor and in some instances has provided financing to build/rehab some of these properties.	In order for a proposal to be eligible for MSHDA's Statewide Partnership Grant program, the proposed activities must fit within one of five categories (Demolition, Land Acquisition & Development, Neighborhood Service Centers, Capital Improvements, or Community Development).	Grants are limited discretionary budget dollars generated from interest from MSHDA earning on loan proceeds. Grants under $250,000 do not require formal board approval.	Application is attached	Pursuant to communications with Mel Brown a few months ago, we suggested a number of different potential ideas for grant use in Flint. Those are detailed below: Pay for the costs of water quality analysis of all MSHDA backed mortgages in Flint. Evidently FHA is now conditioning all appraisals in Flint on a water quality analysis – and depending on the results won't put the mortgage through without the addition of a water infiltration system of some kind. Cost estimates are around $3,000 per home which is apparently having a negative impact on an already difficult real estate market. Pay for the replacement of water lines owned by residents with MSHDA mortgages within the city that need to be replaced or lines to homes with MSHDA backed mortgages or incomes less than 50% AMI. Pay for a percentage of the reconnection fee to acquire water from Detroit up to an amount not to exceed the % of MSHDA financed homes or low income households in the city (50% AMI). Pay for the replacing the city's municipal water line infrastructure
TED - Lynne A. Feldpausch - 1-15-16	Self-help Homeowner ship Opportunity Program (SHOP)	The SHOP program is not administered by MSHDA. Mary Townley has calls into HUD to find out who in the state offers this product.			National and regional nonprofit organizations or consortia with experience in using homebuyer and volunteer labor to build housing may apply for SHOP grants. Applicants must have completed at least 30 units of self-help homeownership housing within the last 24 months. Eligible homebuyers must apply to participate in the SHOP program through a current SHOP grantee or one of their affiliates.	SHOP grant funds can only be used for land acquisition, infrastructure improvements, and administrative costs. Total land acquisition and infrastructure improvement costs cannot exceed an average of $15,000 in SHOP assistance per unit. Administrative costs cannot exceed 20% of the SHOP grant amount. SHOP grantees must leverage other funds for the new construction or rehabilitation of their SHOP units.	SHOP grant funds are made available through HUD's annual SHOP NOFA competition. The SHOP NOFA is published on HUD's e-grant portal. Once the NOFA is published, eligible applicants may apply through this e-grant portal.	We have one Counseling agency in Flint right now (Metro Community Development) and they are not involved with water/filter distribution nor are they a site for people to get these items. More information regarding program information can be obtained from Mary Townley at 517.373.6864

TED - Lynne A. Feldpausch - 1-15-16	Community Ventures	Workforce Development Agency (WDA)	James Durian, Manager, Community Ventures	Government	Flint residents who are DHHS clients, PATH participants, ex-offenders, and persons with disabilities.	Connection to employment and comprehensive 24 months of wraparound services after job placement. Community Ventures (CV) can assist Flint residents negatively impacted by contaminated drinking water by providing employment and wraparound services to those effected. CV can also help recruit and retain companies in Flint by partnering with companies and bringing companies together in coordinated community development efforts to help Flint residents. We have done this through promoting social enterprise partnerships like New Life Enterprises, through the formation of an Employer Resource Network (ERN), in Flint, and by partnering with United Way and local financial institutions in providing hard ship loans and financial literacy to Flint residents. CV could expand upon these efforts with a special focus on helping those most negatively impacted by the water crisis.	Participants are referred from Mott Community College, Genesee-Shiawassee MWA (MWA), Mid-Michigan Goodwill, New Life Enterprises or DHHS.	
TED - Lynne A. Feldpausch - 1-15-16	Job's for America's Graduates	Workforce Development Agency (WDA)	Krista Johnson, Manager, WIOA Title I Section	Government	Students from middle school to 21 years of age. The JAG Flint program targeted at-risk students at two Flint-area high schools (Flint Northwestern and Flint Southwestern) to help them earn a high school diploma and prepare for college/careers following high school.	JAG-Flint's mission focuses on the following: Deliver a unique set of services to at-risk and disadvantaged youth in high school; Provided follow-up services which will result in the graduate's pursuing a postsecondary education; and Ensured the participants entered the workforce in a quality job leading to a career. The primary objectives of The JAG Model program are: Keep program participants in school through graduation. Extend program services to participants for 12 months after graduation. Assist graduates or completers in pursuit of a postsecondary education and/or an entry-level job that leads to a career. Deliver services to non-graduates and non-completers during the 12-month follow-up period to attain a GED certificate or a high school diploma.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	

TED - Lynne A. Feldpausch - 1-15-16	Partnership Accountability Training Hope (PATH)	Workforce Development Agency (WDA)	Brian Marcotte, Manager, Welfare Reform Section	Government	Individuals receiving Family Independence Program cash assistance (TANF)	PATH is the work participation program required for families receiving cash assistance through the Family Independence Program administered by the Michigan Department of Health and Human Services. The Primary goals of PATH are two-fold. First, PATH will identify barriers and help participants connect to the resources they need to obtain employment. Second, the program helps Michigan reach the federally mandated 50% work participation requirement. Work participation is defined by the total number of participants fully engaged in job preparedness training, job search activities, and employment as a percentage of the states work eligible individuals receiving cash assistance. The program is designed to assist eligible individuals in obtaining employment by offering job search assistance and work skills enhancement. The program offers vocational/occupational training, high school completion or GED attainment and a full range of supportive services that may be required to meet the job search and retention needs of the participants.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org.	
TED - Lynne A. Feldpausch - 1-15-16	Trade Adjustment Assistance (TAA) Program	Workforce Development Agency (WDA)	Tammy Flynn, Manager, TAA Section	Government	Individuals are eligible for the TAA program who have a qualifying separation from a company with a certified petition by the US Department of Labor (USDOL). A petition identifies a worker group at a specific firm or subdivision and covers all individuals in that group. Generally, if a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered by the petition and the certification, if USDOL grants the petition. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by the USDOL investigation. After the investigation, USDOL determines group eligibility to apply for TAA benefits and services. Workers in a certified group will be notified by their local Michigan Works! Agency, at which time they may apply for individual eligibility for benefits and services.	Employment and case management services: Assessments, career guidance, pre-vocational services, labor market information, supportive services, information on financial aid, employment planning, and information on training. Training: Up to 130 weeks of training including: Classroom training, On-the-job training, Customized training, Registered Apprenticeships. Trade Readjustment Allowances (TRA): Up to 130 weeks of wage subsidies for workers enrolled in fulltime training within 26 weeks of their trade-related layoff or certification, whichever is later. Re-employment Trade Adjustment Assistance: A wage subsidy for workers age 50 or over who are re-employed at annual wages of $50,000 or less. Job Search Allowance: Reimbursement for job search costs outside the worker's local area. Relocation Allowance: Reimbursement for relocation costs for a job outside the worker's local area.	Individuals should contact their local Michigan Works! Agency to apply by calling 1-800-285-9675 to locate the nearest Michigan Works! One-Stop Center. Or they may visit www.michiganworks.org. To learn more about how to file a petition, check on the status of a petition, or to obtain more information on benefits and services, please visit www.doleta.gov/tradeact or contact Tammy Flynn at flynnt@michigan.gov.	
TED - Lynne A. Feldpausch - 1-15-16	GED To School	Workforce Development Agency (WDA)	Keenan Wade	Government	Must Pass Official Practice Test or Complete Adult Education GED Preparation Course.	$150 per candidate to pay the cost of GED testing fees.	Individuals should visit the GED To School website at http://michigan.gov/wda/0,5303,7-304-64362-298726--,00.html or call 517-373-1692 for additional information	
TED - Lynne A. Feldpausch - 1-15-16	Adult Education Program	Workforce Development Agency (WDA)	Cliff Akujobi, State Administrative Manager	Government	Adults Age 16 and Older	Adult Education provides an opportunity for students to improve or achieve education levels equivalent to those of high school graduates each year. Instruction is tailored to meet the individual needs of adult students. Standardized tests identify existing skill levels, appropriate instruction, and academic gains due to instruction. Adult Education consists of five components: High School Completion: Instruction designed to fulfill the requirements for a high school diploma. GED Test Preparation: Instruction in language arts, math, social studies, science, and writing, to enable successful completion of a GED test. Adult Literacy: Instruction in reading, English, language arts, math, and civics for adults without a high school diploma. The most basic literacy courses teach adults to read. English as a Second Language: Instruction in reading, speaking, writing, and understanding the English language. Labor Employment Related/Employer Workforce Readiness: Instruction in job- or employment-related mathematics, reading, and communication skills. Instruction may be "applied," which means that the academic material is directly related to specific job requirements.	Individuals should contact the Office of Adult Education at 517-373-8800 or visit the Adult Education website at http://www.michigan.gov/wda/0,5303,7-304-64362---,00.html

MDHHS - Jennifer Terrill - 1/21/16	Women, Infants, and Children (WIC) program	MDHHS	(517) 335-8979	Individual	The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a federally-funded program that serves low and moderate income pregnant, breastfeeding, and postpartum women, infants, and children up to age 5 who have a nutrition-related health problem. Determine eligibility online at: https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx	In addition to food benefits for women, infants, and children, Registered Dietitians at WIC provide individualized high risk nutrition counseling for participants with special medical conditions or nutrition-related health issues, such as lead exposure/poisoning. WIC will also provide lead screening referrals. The program monitors lead levels through MIWIC, which is interfaced with MCIR.	Online at https://wiccp.state.mi.us/clientportal/WebForms/Eligibility/WICEligCheck.aspx or go to local WIC office	
MDHHS - Jennifer Terrill - 1/21/16	Head Start	MDHHS	(517) 482-1504	Individual	N/A	Information and referrals Callers to Head Start will be asked if they are in the Head Start Program. If the family is enrolled in the program, Head Start will : • Determine if the family has been tested for lead. • If they have not been tested, they will be referred to their local health department to obtain the testing. • If they have been tested and the blood lead levels are above 5 parts per billion, Head Start will recommend further testing through the local health department or the family's healthcare provider. If the family is not enrolled in the program, Head Start will: • Refer the family to the local health department for lead testing and other services. • Refer the family to WIC.	Contact Head Start for information	
MDHHS - Jennifer Terrill - 1/21/16	Community Development Grants	Michigan Strategic Fund Michigan Economic Development Authority (MEDC)	CDDmailbox@michigan.gov or via the CDD Office main telephone line at 517.373.1974.	Local governments and non-profit agencies.	Refer to individual programs for eligibility information	Effective January 19, 2016, the majority of the MSHDA and MEDC Community Development staff and Downtown & Community Services staff will merge together under the Michigan Strategic Fund (MSF) in a new group called the Collaborative Community Development (CCD) team. This division oversees the following grants: BLIGHT ELIMINATION PROGRAM • The program is designed to provide financial assistance to communities to make physical improvements to residential neighborhoods through blight removal of vacant residential structures that are publically owned. HOMEBUYER ACQUISITION AND REHAB PROGRAM • Homebuyer assistance is used to expand homeownership opportunities for income-eligible homebuyers through the acquisition, rehabilitation or new construction of single-family units. Funds may be used to help buyers qualify for conventional financing or to rehabilitate existing units offered for sale in the local market. HOMEOWNER REHAB ASSISTANCE PROGRAM • Homeowner assistance is used to improve the principal residence of income-eligible homeowners. Repayment for assistance other than emergency repair is required upon sale or transfer of the property to a new owner or if the property is no longer occupied by the borrower, which is ensured through a lien on the property. PRE-DEVELOPMENT LOAN PROGRAM • The Pre-Development Loan Program (PDL) provides interest-free capital for costs incurred prior to the development of certain housing projects. RENTAL REHAB PROGRAM • The rental program provides	Contact the Community Assistance Team East Michigan Rep: Emanual Odom 810-941-2358 Odome1@michigan.org	

MDHHS - Jennifer Terrill - 1/21/16	Michigan Neighborhood Stabilization 2	Michigan State Housing Development Authority	MSHDA at (517) 373-8370 Michele Wildman wildmanm@michigan.gov	Local government, economic development agencies, consortiums, etc.	These funds are for 93 census tracts in the cities of Detroit, Highland Park, Hamtramck, Wyandotte, Flint, Saginaw, Pontiac, Lansing, Battle Creek, Kalamazoo, Grand Rapids and Benton Harbor.	Generally, the money must be used to buy, fix up, and resell or demolish foreclosed and abandoned homes. As long as the funds are used for this redevelopment, MSHDA governs how to use the funds and what specific redevelopment activities to undertake in Michigan.	Contact Michelle Wildman at MSHDA (see above)	
MDHHS - Jennifer Terrill - 1/21/16	Safe Homes/Safe Kids	Michigan Alliance for Lead Safe Housing	602 W. Ionia Street Lansing, MI 48933 leadsafemi@gmail.com	Individuals	N/A	Coalition that promotes lead safe homes through education and outreach	N/A	
MDHHS - Jennifer Terrill - 1/21/16	Michigan – Health Profession Opportunity Grants (HPOG)	Office of Family Assistance Administration for Children and Families US Department of Health and Human Services	Volunteers of America – Michigan, 21415 Civic Center Drive, Southfield, MI 48706-3909, Brad Atchison, 313-451-0372, batchison@voami.gov	Individual	Must be enrolled in the Temporary Assistance for Needy Families	HPOG participants enroll in a variety of training and education programs that result in an employer or industry recognized certificate or degree. The most common training programs include those for nurse aides, home health aides, licensed and vocational nurses, registered nurses, medical assistants, pharmacy technicians, and phlebotomists. Many programs have been designed as career pathways – connecting progressive levels of education and training with employment opportunities.	Apply through Volunteers of America – Michigan, contact Brad Atchison	
MDHHS - Jennifer Terrill - 1/21/16	Community Service Block Grant (formerly social services block grants)	US Department of Health and Human Services through MDHHS – Bureau of Maternal, Child, and Family Health	http://www.acf.hhs.gov/programs/ocs/programs/csbg Email James.Gray@acf.hhs.gov	Government	All states are eligible to apply.	SSBGs fund a variety of initiatives for children and adults including: Daycare, Substance Abuse, Protective Services, Adoption, Special services to persons w/disabilities, Health related services, Foster care, Transportation, Housing, Employment services, Home-delivered meals, Independent/transitional living	To qualify for FY 2016 CSBG funding, States must submit their State plan applications to the Office of Community Services (OCS) by September 1, 2015 using the new CSBG Model State Plan format. States will submit their information electronically through the Administration for Children and Families' (ACF) Online Data Collection (OLDC) system.	
MDHHS - Jennifer Terrill - 1/21/16	Supplemental Nutritional Assistance Program (SNAP)	US Dept. of Ag: Food and Nutritional Service Through MDHHS	1-855-275-6424 or 517-373-8230 DHA-ICU-Customer email: DHS-ICU-Customer-Service@michigan.gov	Individuals and families	There are strict income and resource rules for eligibility. For households with elderly and/or disabled members, there are some special rules that apply. Healthcare coverage comes through the Healthy Michigan Plan.	Healthcare coverage - Food assistance - Cash assistance - Child care -Emergency services	Households apply through their state or local health and human services	
MDHHS - Jennifer Terrill - 1/21/16	Temporary Emergency Food Assistance Program (TEFAP)	US Department of Agriculture through Michigan Department of Health and Human Services and Michigan	Marla J. Moss, Director, Child Nutrition Programs, Michigan Department Phone: (517) 373-4337 Fax: (517) 373-4022 Email: mossm1@michigan.gov	Individuals and families	The following are eligible to get food: Public or private nonprofit organizations that provide nutrition assistance Households that meet state eligibility criteria, Recipients of prepared meals (no means test required for this population See http://www.michigan.gov/mdhhs/0,5885,7-339-71547_5527_6691---,00.html for detailed criteria.	Helps supplement diets of low-income and elderly Americans providing them with emergency food and nutrition assistance at no cost. It provides food and administrative funds to States to supplement the diets of these groups.	Apply through MI-BRIDGES at https://www.mibridges.michigan.gov/access/	
MDHHS - Jennifer Terrill - 1/21/16	The HOME Program Emergency Solutions Grant (ESG) Program	US Department of Housing and Urban Development (HUD)	HUD Detroit Field Office 477 Michigan Avenue Detroit, MI 48226-2592 P: 313-226-7900	State and local governments	Participating jurisdictions must provide a 25 percent match of their HOME funds. Participating jurisdictions must also set aside at least 15 percent of their allocations for housing to be owned, developed, or sponsored by community housing development organizations	Engage homeless individuals and families living on the street; Improve the number and quality of emergency shelters for homeless individuals and families; Help operate these shelters; Provide essential services to shelter residents; Rapidly re-house homeless individuals and families; and Prevent families and individuals from becoming homeless.	Genesee County is currently funded under this grant.	
MDHHS - Jennifer Terrill - 1/21/16	Economic Adjustment Assistance Program	US Department of Commerce (DOC) Economic Development Administration (EDA)	Michigan, Minnesota and Wisconsin Lee J. Shirey 230 South Dearborn Street, Suite 3280 Chicago, IL, 60604-1512 P: 312-789-9751 E: lshirey@eda.gov	State and local governments, economic development organizations, etc.	Declaration of a disaster by the President or other Federal declarations An eligible applicant may be a state, city, or other political subdivisions of a state; or a consortium of political subdivisions, an economic development district, or a public or private nonprofit organization or association acting in cooperation with officials of a political subdivision; an institution of higher education, or a consortium of institutions of higher education; or an Indian tribe.	Through the EAA program, EDA provides investments that support a wide range of construction and non-construction activities (including infrastructure, design and engineering, technical assistance, economic recovery strategies, and capitalization or re-capitalization of Revolving Loan Funds (RLF)) in regions experiencing severe economic dislocations that may occur suddenly or over time. EDA utilizes EAA investments to provide resources that help communities experiencing or anticipating economic dislocations to plan and implement specific solutions to leverage their existing regional economic advantages to support economic development and job creation. Like Public Works investments, EAA investments are designed to help communities catalyze public-private partnerships to foster collaboration, attract investment, create jobs, and foster economic resiliency and prosperity.	An applicant may obtain the appropriate proposal or application package electronically at www.grants.gov (Grants.gov). Applicants may search for this funding opportunity on Grants.gov using Funding Opportunity Number "EDAP2016". All components of the appropriate application package may be accessed and downloaded (in a screen-fillable format) at http://www.grants.gov/applicants/apply_for_grants.jsp. The preferred electronic file format for attachments is Adobe portable document format (PDF); however, EDA will accept electronic files in Microsoft Word, WordPerfect, or Microsoft Excel.	

MDHHS - Jennifer Terrill - 1/21/16	The Flint Child Health and Development Fund	Community Foundation of Greater Flint (CFGF)	Community Foundation of Greater Flint 500 S. Saginaw Street, Suite 200 Flint, MI 48502 810-767-8270 Kathi Horton, President khorton@cfgf.org Ann Marie Van Duyne Vice President of Philanthropic Services avanduyne@cfgf.org	Charitable organizations that provide aid to children and families.	Grant requests must have direct relevance to the residents of Genesee County. If a request includes activity outside of Genesee County, then the clear preponderance of activity must be within Genesee County. Grants for sectarian religious purposes or any religious activities are not eligible. Grants will not be made for loans, debt reduction or annual appeals.	The Flint Child Health & Development Fund supports the delivery of critical public health, medical, and community-based services and interventions that address and mitigate the short and long term impacts experienced by Flint, Michigan families exposed to lead as the result of the 2014-2016 Flint Water Crisis. The Flint Child Health & Development Fund supports charitable organizations that provide aid to children and families with interventions that support positive health outcomes. • Immediate response • Optimal child health & development • Early childhood education • Continuous access to a pediatric medical home • Access to infant and child behavioral health services • Nutrition education • Healthy food access • Safe & healthy home environments • Integrated social services • Research	1. Logistics – beginning Saturday

- Staging Area – 4315 N Clio Road, Flint
- Notify warehouse staff
- Notify teams of staging area location (current and scheduled)
- Lunch delivery – morning delivery at warehouse

Team Reporting

- Tablets/Mobile Devices and Training – need 15 for ARC teams (at least 5 by Friday)
- Paper back up – form available in the local EOC to be printed and delivered by MSP in the field

Script

- If pushing entire packs
    - We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.
- Conversation will have to be tweaked if supplies change

Water Distribution Summary

Operational Period #1

On Saturday, January 30, 2016, operation period #1 began at 10:00 hours and lasted until 12:30 hours. A total of 13 fire department personnel participated using three (3) fire department vehicles and distributed 3 cases of bottled water to each of 60 addresses in the City of Burton that are serviced by the City of Flint water system. The Squad 1's crew was Battalion Chief Lachcik, Captain Lincoln, Firefighter Miller, Firefighter Haubenstricker, Firefighter Killey, and Firefighter Burger. Squad 1 was used to distribute bottled water to addresses on Menominee St. and Hemphill Rd. Squad 2's crew was Battalion Chief Don Schreiber II, Firefighter Fletcher, Firefighter Hedrick, Firefighter Gordon, Firefighter Raber, and Firefighter Schreiber III. Squad 2 was used to distribute bottled water to addresses on Cheyenne St., Dort Hwy. and Red Arrow Dr. Fliers were also given to every resident that contact was made with and left on the doors where there was no answer. Several businesses on the address list were found to be vacant as were two homes on Cheyenne St. There was also one business which refused the donation. Chief 2 also went along to provide additional support. There were 18 residences, all of which were on Menominee St. and Cheyenne St. were we received no answer.

Breakdown of the 89 addresses on the list:

- 56 residential addresses with successful water deliveries
- 18 residential addresses with no answer / letter left
- 2 vacant residential addresses
- 1 vacant lot
- 1 business refused a donation
- 4 businesses accepted donations
- 2 business that were closed / letter left
- 5 businesses were vacant

Water Distribution Summary

Operational Period #3

On Saturday, February 6, 2016, operation period #3 began at 12:00 hours and lasted until 15:30 hours. During this period Fire Station #1 located at 2031 E. Bristol Rd. was opened up to the public so the residents that live in the City of Burton who are on the City of Flint water system could come to the station and pick up bottled water. During this time frame only two residents showed up to pick up bottled water. Both residents were given four (4) cases of bottled water. Those two residents lived at:

Water Distribution Summary

Operational Period #4

On Saturday, February 6, 2016, operation period #4 began at 15:00 hours and lasted until 17:30 hours. During this period at total of 6 personnel from the City of Burton Fire Department loaded Squad 1 with cases of bottled water and went and delivered to as many residents as possible who did not show up to pick up bottled water during operation period #3. Bottled water was only delivered to residential addresses. We were able to successfully deliver to 48 addresses. Each address we delivered water to was given four (4) cases of water. There were two (2) addresses where the residents refused the donation, two (2) addresses where the residents picked up water in Operation Period #3, and 20 addresses where no one was home.

Water Distribution Summary

Operational Period #5

On Saturday, February 13, 2016, operation period # began at 09:00 hours and lasted until 13:00 hours. During this period at total of 9 personnel from the City of Burton Fire Department participated. Station #1 located at 2031 E. Bristol Rd. was opened at 09:00 hours and remained open until 13:00 hours for City of Burton residents and businesses that are serviced by the City of Flint water system to stop in and pick up bottled water. The station was manned by two (2) personnel the entire time. The remaining seven (7) personnel loaded bottled water into S-1 and made deliveries to all the residential addresses in the City of Burton who are serviced by the City of Flint water system. All residents and businesses, whether pick-up or delivery, were allotted five (5) cases of bottled water.

- One (1) resident picked up water at the station.
- No businesses picked up water.
- Water was delivered to a total of 50 residences.
- Three residents refused the donation.

Plan for ESRI Outage:

If ESRI/ArcGIS Online is down, the teams shall use the paper back up to record the data for each contact that is made with members of the Flint community. The paper back-ups should be collected every two hours from the teams in the field and transported back to the Local EOC or the Volunteer Reception Center, where either teams from the Red Cross will enter the data into a specified format or the forms will be sent to the SEOC for digitization. After the digitization, the data will be passed to the GIS team for inclusion on the planning maps.

The specified format is in the Excel document titled “Neighborhood Canvas Back Up Data Entry for GIS”. Please ensure that the data is transcribed exactly as required by the form, including all street information including directional prefixes (N. Main, etc.) and proper codes (B for Brita, etc.).

If there are any questions regarding this plan, please contact the SEOC Recovery Branch.

Volunteer Management

- Requests for volunteer support missions go to Chad Veeser
- Chad works with the VRC to supply appropriate volunteers to the mission
- Chad provides the following information on each mission to the Recovery Branch for inclusion into the daily plan
    - Group (who)
    - Number of Volunteers
    - Details of Mission
    - Commodities Needed, if any
    - Resources Needed, if any (i.e., vehicles, drivers, maps)
    - Date(s) Assigned
- Recovery Branch compiles the daily plan and distributes to the designated list prior to the 7 pm distribution meeting

- The following items should remain priority for volunteer distribution missions
    - Distribution Teams
    - Rapid Response Teams

Donations Management

Team Leader Copy
Includes detailed description of each question

Sample Script for Team Members:
We're here to make sure you have all the resources you need. The questions we are going to ask will help us assess the resources you have on hand. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

For the individual capturing data, please ensure to add an answer for every question asked

1. Address
2. City
3. State
4. Zip
5. Type of Home (Single family, Multi-Family, Apartment.)
6. Door Card
    a. Was a door hanger provided today (for tracking purposes)
7. Willing to be a water sample site?
    a. Are you willing to be a water test site? (If yes, someone may come and test their water periodically. This helps us determine levels for planning and long term recovery.)
8. Water test kits given to resident
    a. How many water test kits have you been supplied (this allows us to track # supplied vs # tested at location)?
9. How many faucet Filters do you have?
    a. How many faucet filters do you have (this helps us determine the number of replacement cartridges the resident will need for future orders)?
10. What type of Filters do you have?
    a. What type(s) of filter have you been provided (this helps us determine the number and type of replacement cartridges the resident will need for future orders)?
11. Number of Filters given to resident
    a. How many filters were provided by the team today (this lets us know how many cartridges the resident will need for future orders)?
12. Type of Filters given to resident
    a. What type of filter was provided by the team today (this lets us know what type of cartridges the resident will need for future orders)?
13. Have Filters been installed?
    a. Yes or No (so we know how many are installed for tracking)
14. Do you need help installing?
    a. Do you need assistance in installing your filter (so we can get someone to assist the resident)?
15. How many replacement Cartridges do you have?

    a. How many replacement cartridges do you have (this lets us know how many cartridges the resident has so we can calculate numbers for future ordering)?
16. Type of replacement Cartridges resident has
    a. What type of replacement cartridges do you have (this lets us know what type the resident will need for future ordering)?
17. Replacement Cartridges given to the resident
    a. How many replacement cartridges did the team provide to you today (this helps us with future ordering)?
18. Type of replacement Cartridges given to the resident
    a. What type of replacement cartridges have you been provided (this helps is with future ordering)?
19. How many Pitchers do you currently have?
    a. How many pitchers have do you have (this lets us know how many replacement cartridges will be needed for future ordering)?
20. Type of Pitchers resident has?
    a. What type of filter do you have (this helps us with ordering for future replacement cartridges)?
21. Pitchers given to resident
    a. How many pitchers did the team provide you today (this helps us with determining cartridges needed for ordering)?
22. Type of Pitchers given to resident
    a. What type of pitchers did the team provide you today (this helps us with determining the type of cartridges needed for ordering)?
23. Water quantity given to resident
    a. How much water was provided to you by the team today (this helps us for tracking and ordering)?
24. Type of Water given to resident
    a. What type of water was provided to you today, were they cases of 16.9 oz bottles or gallon jugs (this assists us for ordering)?
25. Date Collected
    a. For tracking purposes

- Tamara Brickey, spoke with Vicki Austin Sacharski from the Disability Network for the purpose of connecting Disability Network clients with water filters. DN will track information of those clients who call in with questions about filters and get the information to GCHD. We will pass that information along to MTA for delivery. GCCARD may be able to assist with installation.
- Davita Dialysis
- Valley Area Agency on Aging (VAAA) is creating a list of homebound seniors. Three (3) state employees and Five (5) GCCARD employees are working through that list and will help with home installation.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. The questions we are going to ask will help us assess the resources you have on hand. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

For the individual capturing data, please ensure to add an answer for every question asked.

1. Address
2. City
3. State
4. Zip
5. Type of Home (Single family, Multi-Family, Apartment.)
6. Door Card (indicate if provided)
7. Willing to be a water sample site?
    a. Are you willing to be a water test site?
8. Water test kits given to resident
    a. How many water test kits have you been supplied?
9. How many faucet Filters do you have?
    a. How many faucet filters do you have?
10. What type of Filters do you have?
    a. What type(s) of filter have you been provided?
11. Number of Filters given to resident
    a. How many filters were provided by the team today?
12. Type of Filters given to resident
    a. What type of filter was provided by the team today?
13. Have Filters been installed?
14. Yes or No Do you need help installing?
15. How many replacement Cartridges do you have?
    a. How many replacement cartridges do you have?
16. Type of replacement Cartridges resident has
    a. What type of replacement cartridges do you have?
17. Replacement Cartridges given to the resident
    a. How many replacement cartridges did the team provide to you today?
18. Type of replacement Cartridges given to the resident
    a. What type of replacement cartridges have you been provided?
19. How many Pitchers do you currently have?
    a. How many pitchers have do you have ?
20. Type of Pitchers resident has?
    a. What type of filter do you have?
21. Pitchers given to resident
    a. How many pitchers did the team provide you today?
22. Type of Pitchers given to resident
    a. What type of pitchers did the team provide you today?
23. Water quantity given to resident
    a. How much water was provided to you by the team today?
24. Type of Water given to resident

Recovery Branch Priorities – As of 2/2/16 20:00

- Follow up with ARC re: paper tracking forms – did we get 2/3/16 numbers by 6 PM?
- Keep in mind door to door for vulnerable population – future options
- Get handle on volunteers expected this weekend – do we have Pipefitters or other groups that would be beneficial to visit large complexes and help install filters.
- Get info on the homes that we have not made contact with
    - Gis verifying how many times we've been there
    - Get current mail info from USPS - Alex

Volunteer Communications

1. To request volunteers from the American Red Cross Volunteer Reception Center:
    a. Complete the Volunteer Workforce Request Form
    b. Submit the Resource Request via MI CIMS, and provide a copy of the Volunteer Workforce Request form to Chad Veeser in the Local EOC via email at veeserc@michigan.gov

Donations Management Communications

1. Offers for donations (people and items) shall be sent Janet Hunter at hunterj8@michigan.gov with a CC to SEOC Logistics Section Chief at MSP-SEOClgc@michigan.gov
2. Janet will take the offer and keep record of all offers for people and items
    a. All people should be routed to the ARC Volunteer Reception Center by Janet
3. Janet will reach back to the SEOC Logistics Section Chief to provide information on all offers for items to see what can be utilized for current or pending missions
4. SEOC Logistics Section Chief will reach out to see where items could be used
5. Items will be called out utilizing a XXX request form

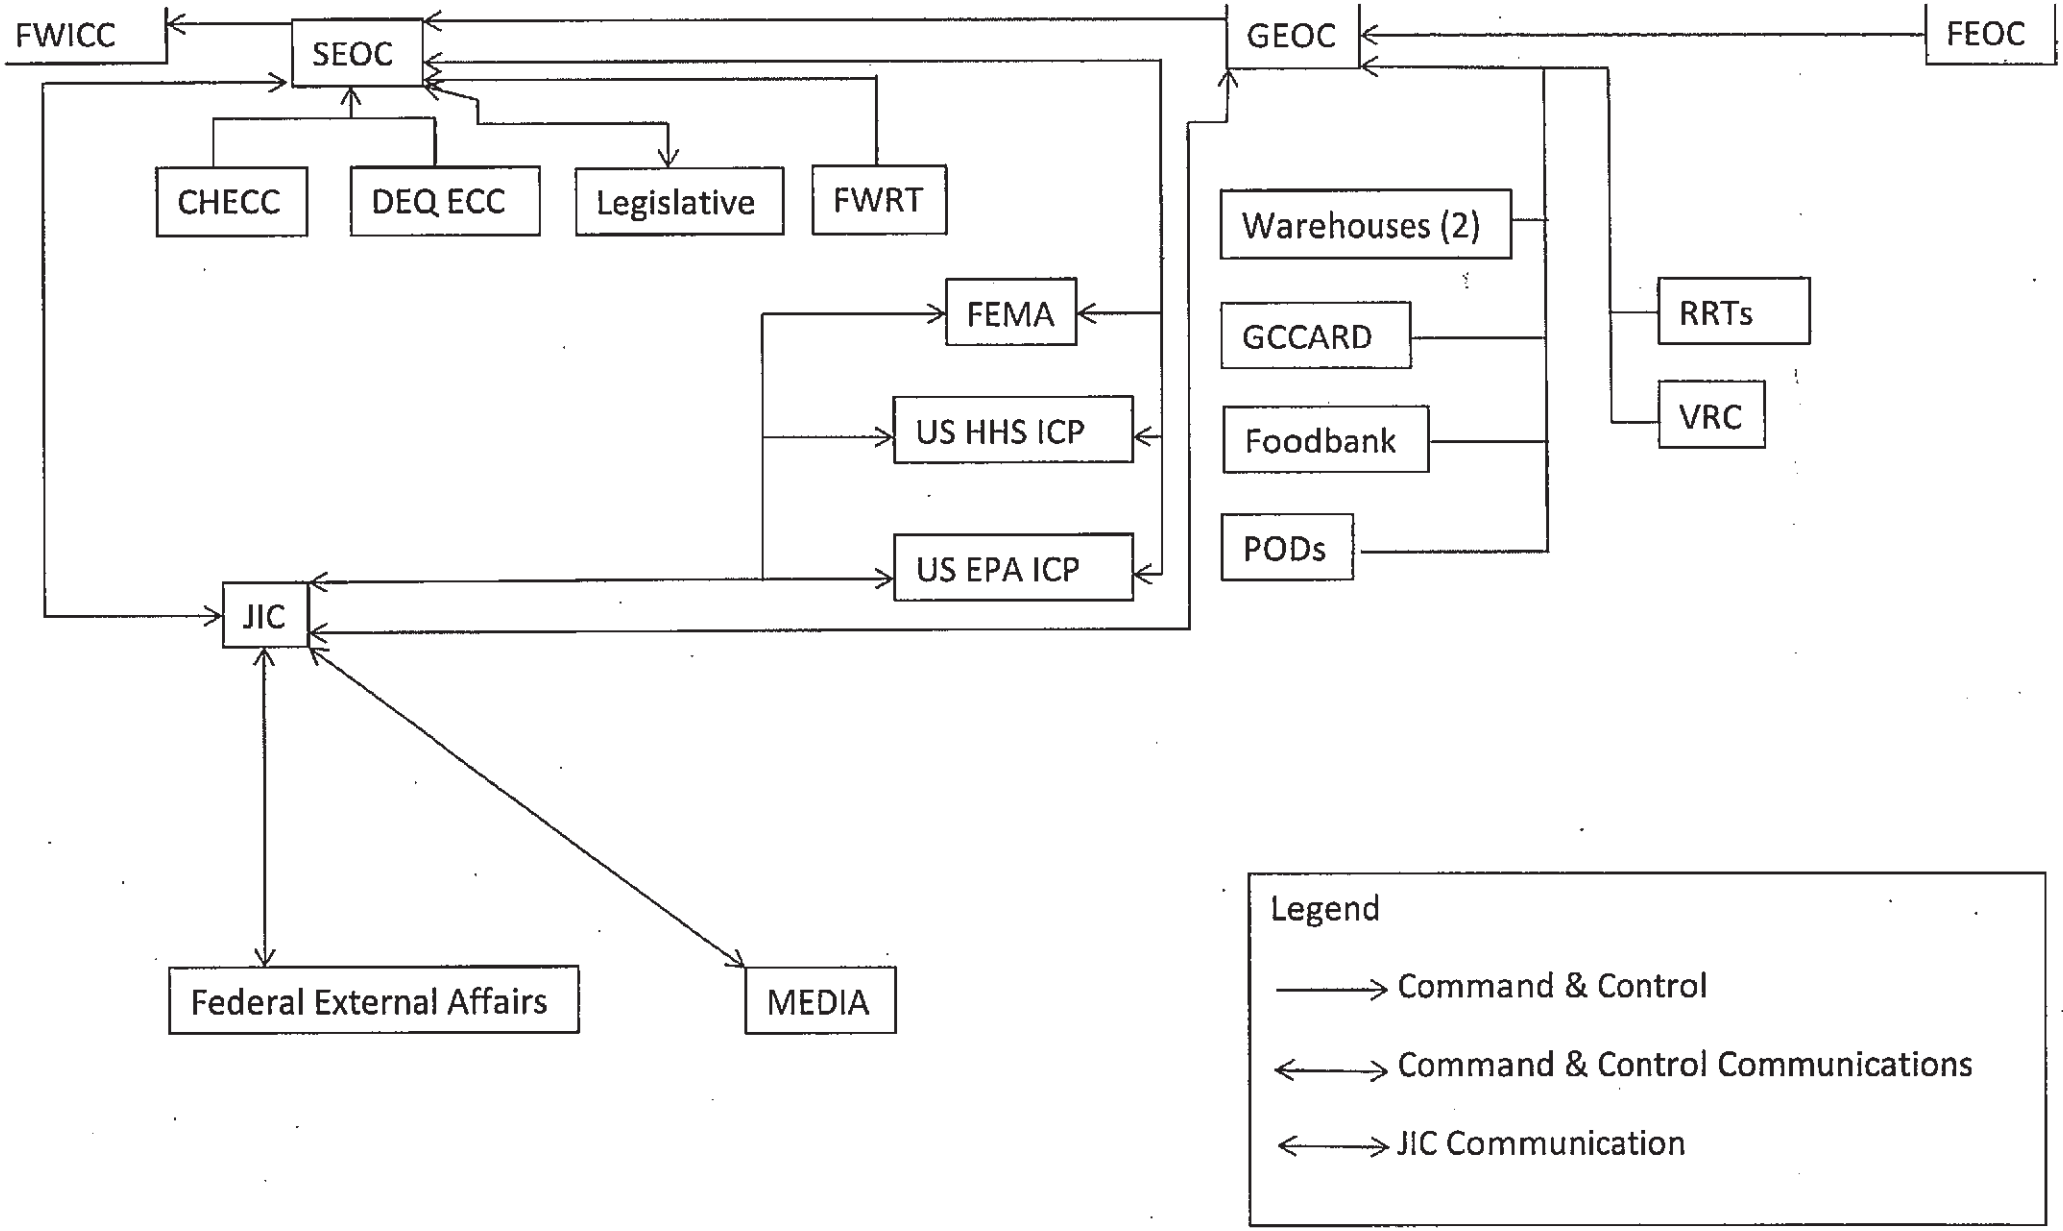
From: Katarsky, Anthony (MSP)
Sent: Monday, February 01, 2016 11:27 AM
To: Kelenske, Chris (MSP)
Subject: Command and Control Flow Chart
Attachments: Command and Control Flow Chart.docx

Attached is the flow chart of command & control and associated communications paths for the Flint Water event. We used the Federal Radiological Monitoring and Assessment Center from REP as the model. We requested federal technical assistance; our goal is to get federal resources to act as resources as opposed to running the show.



Flint Water Event: Command & Control, Communications Diagram

Follow Up Flag: Follow up
Flag Status: Flagged

I asked DEQ to try to segment data to help us achieve a better understanding of what is happening with respect to water testing. It is difficult to get much from the graphs, but the data appear to show a trend in the right direction. The major caveat to all of this is that testing has been accomplished under far less than controlled conditions...arguments could include that toilets may have been flushed overnight or samples intentionally spiked.

From: MSP-EOC-MDEQ
Sent: Sunday, January 31, 2016 1:49 PM
To: Katarsky, Anthony (MSP); Wolf, Jennifer (DNR); Adelman, Mitch (DEQ)
Subject: Test results spreadsheet

To all,

Please review the spreadsheet (with graphs) and let me know what you think. The top one is # tests at the established thresholds, and the bottom one is percentages. Note that the order in thresholds from the top chart is different from the bottom. I switched it around so the graph looks better (higher numbers/percentages to the back of the graph so it doesn't cover up the smaller cylinders). It is interesting to note that the percentage at or below 15ppb is consistent at around 93% (88% being the lowest percentage and 94% the highest).

Governor,

The SEOC report for the 30th appears to contain some incorrect data, which I have noted in the attachments. I will discuss the issue with the Captain.

Nat

Flint Water Stats Daily Update (abridged)
Updated Jan. 30

Homes visited:

Today: 1,368 Phase I: 30,770 Phase II: 37,844 Targeted (current phase): 9,026

Water cases distributed:

Today: 6,337 Total: 222,942

Filters distributed:

Today: 706 Total: 99,347

Cartridges distributed:

Total: 203,932 (Note: This number may not be correct—some of the SEOC data for the 30th appears to have been incorrectly reported. Will bring to the Captain's attention)

Water test results: 4,351 tests; 267 above 15ppb; 94% at or below 15ppb; 82% below 5ppb

Blood test results:

From 4/1/14 to 1/22/16, we have 198 children over the limit out of 6,828 tests (2.9%), and 232 total people over the limit out of 7,904 tests (2.9%).

From 10/1/15 to 1/22/16, we have 45 children over the limit out of 2,468 tests (1.8%), and 67 total people over the limit out of 3,351 tests (2.0%).

Governor,

Attached are two versions of the daily Flint reference sheet. The first version is more detailed; the second version is patterned on your email to Brian from last night.

Please let me know what you think of the format.

Thanks.

Nat

Great!

Where is new emergency operations center?

Let me know what your schedule looks like for next week so we can have a discussion to start this venture....

Thank you Chris....

PS: How do folks like Harbaugh?

Whatever you need. Just moved into the new state emergency operation center. As I was packing some mementos when you and I work the disaster in Grand Rapids. Specifically the picture of you with the mustache that I had in my office in Grand Rapids and the one you signed of us in the airplane. I hope all is going well and let me know what you need.

Hey Buddy:

Hope all is well with you and the family.

On a business note, HQ has tasked Obsidian Analysis to develop, facilitate and deliver a bi-annual five day course designed to provide FEMA FCOs updates on programs and policies, statutory changes, best practices and lessons learned. This course will ensure that FCOs receive important information from a single source and builds opportunities for communication, learning and development within the community of FEMA field leaders to most effectively achieve FEMA's mission.

Basically, as I understand it, these gatherings will replace the FCO ops review we used to have. To that end, I have been asked by Obsidian to assist in the endeavor so can I give a call and get your opinion on the Flint, MI water emergency and possibly discuss coming to DC in March, if I can swing it?

Cordially,
Mark

Capt.

I went by two fire station distribution spots and snapped a few photos.

The workers said the reception has been great and been pretty steady.

FEMA Region V Daily Situational Awareness Report
DATE: *01/06/2016*

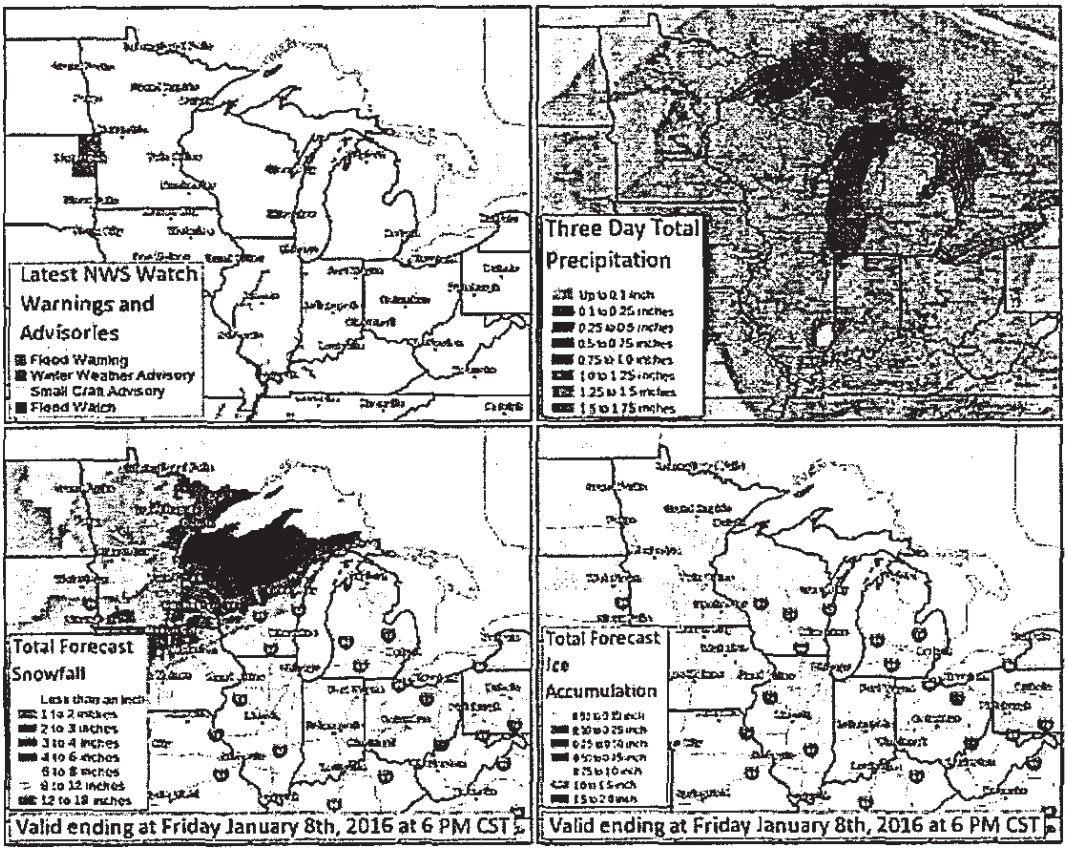
REGION V RESPONSE STATUS:
- **RRCC:** Watch / Steady State
- **IMAT:** Red
  - **Collateral IMAT:** Alpha
- **LNO:** Cornelius Miller

REGION V SEOC STATUS:
- **Illinois:** Partial Activation *(Severe Weather & Flooding)*
- **Indiana:** Normal Operations
- **Michigan:** *Full Activation (Flint Drinking Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS)**:** No active alerts.
- Bulletin *(12/16/2015 – 06/16/2016)*

NOTEWORTHY EVENTS: Nothing to report.

SIGNIFICANT WEATHER (NWS, SPC)**:** A series of disturbances moving through the Midwest will bring periods of rain, snow and freezing rain to most of Region V though the weekend. Over the next 72 hours, more than a .50 inch of precipitation is forecast to fall over most of the Region, with 2 to 6 inches of snowfall likely across Minnesota, Wisconsin and northern Michigan, and rainfall, with a chance of a wintery mix, forecast across the remainder of the Region. Freezing rain will also be possible on each of the next 3 days as well: today over southern Minnesota, southwestern Wisconsin and northwestern Illinois; tomorrow over southern Minnesota, Lower Michigan and northeastern Indiana; and on Friday over south-central Wisconsin and Lower Michigan. Total ice formation is expected to stay at or below a .10 of an inch. Currently, a Winter Weather Advisory is in effect for Travis and Big Stone Counties in Minnesota until 1800CST this evening. Freezing drizzle may lead to some icing along roads, making driving conditions hazardous.



HYDROLOGIC CONDITIONS (AHPS): Flood Warnings remain in effect along many rivers in Illinois and Indiana. Currently, 8 river gauges are at Major Flood Stage along the Illinois, Kaskaskia and Ohio Rivers. All river gauges across the flood area are receding with no new significant flooding expected at this time.

FIRE CONDITIONS (SPC): Nothing to report.

REGION V DISASTER SUMMARY:

- **PDA Requests:** None
- **Declaration Requests:** None
- ***Disaster Declarations:*** None

TRAINING EVENTS:

- **Jan 21:** Reconstitution Planning Workshop; Chicago, IL
- **Feb 9:** L-212 Hazard Mitigation Application Development; Chicago, IL
- **Feb 16-17:** REP Core Concepts Course (RCCC); Chicago, IL
- **Feb 17-18:** L-213 Application Review; Indianapolis, IN
- **Feb 17-19:** REP Plan Review Course (RPPR); Chicago, IL
- **Feb 29-Mar 1:** REP Core Concepts Course (RCCC); Manitowoc, WI
- **Mar 1-2:** L-276 Benefit Cost Analysis; Indianapolis, IN
- **Mar 2-4:** REP Plan Review Course (RPPR); Manitowoc, WI
- **Mar 3-4:** L-214 Hazard Mitigation Assistance Implementation and Closeout; Indianapolis, IN
- **Mar 21-24:** REP Exercise Evaluator Course (REEC); Madison, WI
- **Mar 25:** REP Exercise Controller Course (RECC); Madison, WI
- **April 4-7:** L580 Emergency Management Framework for Tribal Governments; Leech Lake Band of Ojibwe, MN
- **Apr 18-21:** REP Exercise Evaluator Course (REEC); Springfield, IL
- **Apr 22:** REP Exercise Controller Course (RECC); Springfield, IL

EXERCISE EVENTS:

- **Jan 11-15:** FT McCoy FSE; WI
- **Jan 27:** FEMA Region V/Region II SL Devolution TTX; Chicago, IL
- **Apr 6:** Braidwood REP Ex; IL
- **Apr 20:** NSSE RNC SL TTX; Cleveland, OH
- **Apr 26:** *Palisades REP Ex; IL*
- **Apr 29:** America's Preparathon

FEMA Region V Daily Situational Awareness Report
DATE: 01/14/2016

REGION V RESPONSE STATUS:

- **RRCC:** Watch / Steady State
- **IMAT:** Red
  - **Collateral IMAT:** Alpha
- **LNO:** Cornelius Miller
  - Two (2) LNOs are deployed to the Michigan SEOC

REGION V SEOC STATUS:

- **Illinois:** Partial Activation *(Flooding)*
- **Indiana:** Normal Operations
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

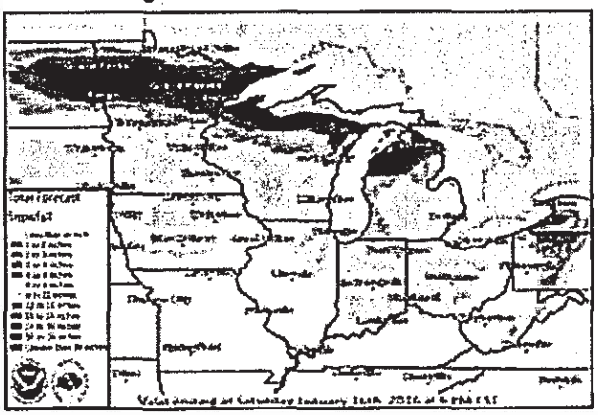
NATIONAL TERRORISM ADVISORY SYSTEM (DHS)**:** No active alerts.

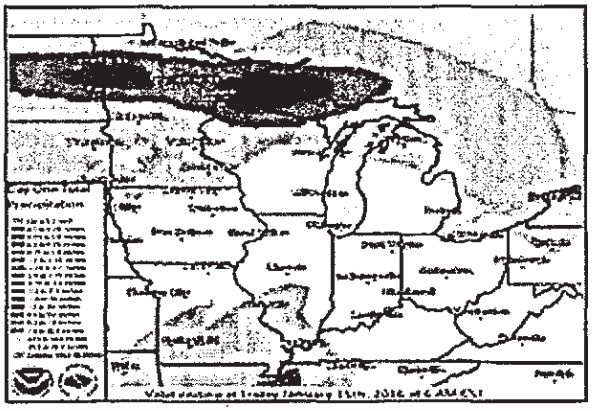
- Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing to report.

SIGNIFICANT WEATHER (NWS, SPC)**:**

- ***Today/Tomorrow:*** *No significant weather is expected through tomorrow across Region V. An area of low pressure moving across the Midwest will bring a mix of snow, freezing rain and rain to the Great Lakes region.* Winter Weather Advisories *are in effect across northwestern Minnesota until this evening and western Upper Michigan until tomorrow afternoon. Snow accumulations from 3 to 6 inches and wind gusts up to 30 MPH are expected, contributing to hazardous travel conditions.*





- **Extended Outlook:** Arctic air will make a comeback Saturday night, with very cold weather expected to last into Tuesday. Bitterly cold wind chills, as low as 25 below zero, are expected both Sunday and Monday mornings, staying well below zero even during the day.

HYDROLOGIC CONDITIONS (AHPS): Flood Warnings and Flood Advisories remain in effect in Illinois, Indiana, Wisconsin, and Michigan due to recent flooding and possible ice jam flooding. Currently, all gauges are receding and none are at Major Flood Stage; no additional flooding is expected.

FIRE CONDITIONS (SPC): Nothing to report.

REGION V DISASTER SUMMARY:
- **PDA Requests:** None
- **Declaration Requests:** None
- **Disaster Declarations:** None

TRAINING EVENTS:
- **Jan 21:** Reconstitution Planning Workshop; Chicago, IL
- **Feb 9:** CPR, AED, First Aid, Blood-borne Pathogens; Chicago, IL

FEMA Region V Daily Situational Awareness Report
DATE: 01/15/2016

REGION V RESPONSE STATUS:
- **RRCC:** Watch / Steady State
- **IMAT:** Red
  - **Collateral IMAT:** Alpha
- **LNO:** Cornelius Miller
  - Two (2) LNOs are deployed to the Michigan SEOC

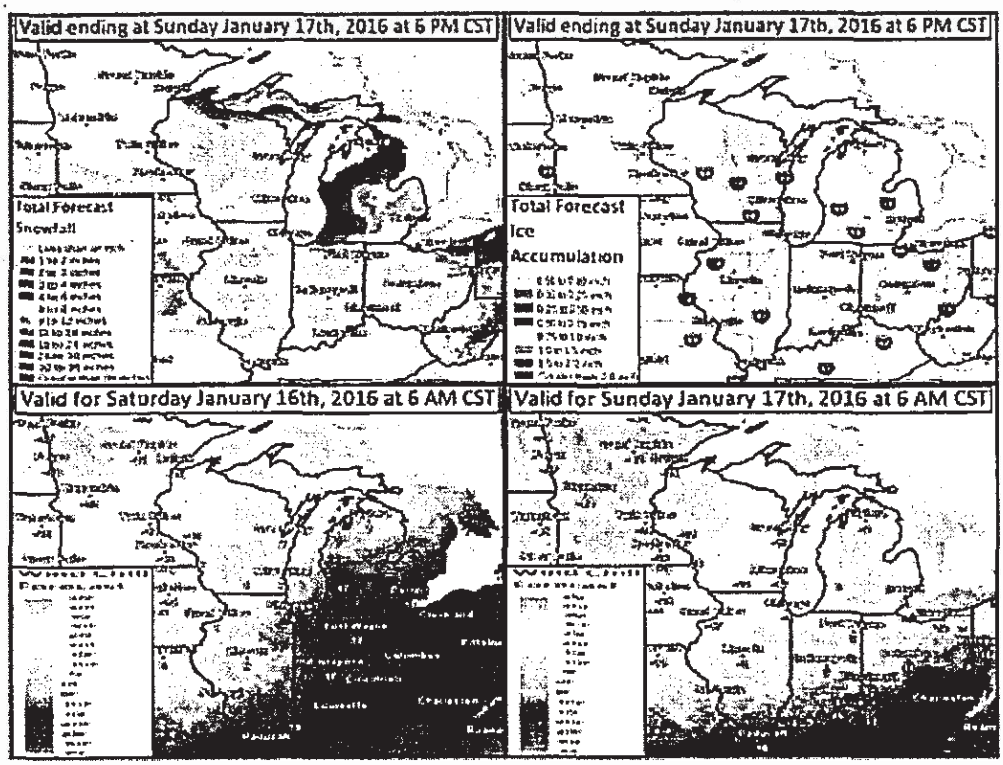
REGION V SEOC STATUS:
- **Illinois:** Partial Activation *(Flooding)*
- **Indiana:** Normal Operations
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS)**:** No active alerts.
- Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing to report.

SIGNIFICANT WEATHER (NWS, SPC)**:**
- **Today:** During the evening and overnight hours, temperatures will begin to drop as a cold front begins to move into the Region, especially across the northern portions of Region V.
  - Wind Chill Advisories are in effect for most of Minnesota from midnight tonight to Sunday afternoon with wind chill values as low as 45 below zero.
  - Winter Weather Advisories are in effect in northeast Wisconsin and Upper Michigan until this afternoon and evening. Freezing drizzle will change over to light snow accumulation of about an inch or less.

Weekend Outlook: From Saturday night through the beginning of next week, another Arctic blast will produce bitter cold temperatures with wind chills ranging between 20-45 degrees below zero at night. Additionally, light lake effect snow and low amounts of freezing rain (up to .25 inches) is forecast across areas surrounding the Great Lakes region. Some stronger snow-bands could produce 8+ inches of snowfall across the northwest corner of Lower and Upper Michigan. Ice accumulation ranging from .01 to .10 inches is forecast across northeast/central Wisconsin and Upper Michigan. Slick and slippery road conditions are hazardous to motorists and bitter cold wind chills can cause frostbite to exposed skin in as little as 30 minutes (see graphics below).



HYDROLOGIC CONDITIONS *(AHPS): Flood Warnings and Flood Advisories remain in effect along rivers in Illinois and* Michigan due to recent flooding and possible ice jam flooding. Currently, all Region V river gauges have receded below Major Flood Stage; no additional flooding is forecast.

FIRE CONDITIONS (SPC): Nothing to report.

REGION V DISASTER SUMMARY:

- **PDA Requests:** None
- **Declaration Requests:** On January 14, 2016: Michigan Governor Rick Snyder submitted a request that the President declare an Expedited Major Disaster and an Emergency Declaration for the State of Michigan as a result of elevated lead levels to citizens within the City of Flint. This request is under review.
- **Disaster Declarations:** None

TRAINING EVENTS:

- **Jan 21:** Reconstitution Planning Workshop; Chicago, IL
- **Feb 9:** CPR, AED, First Aid, Blood-borne Pathogens; Chicago, IL
- **Feb 9-11:** L212 Hazard Mitigation Application Development; Chicago, IL

FEMA Region V Daily Situational Awareness Report
DATE: 01/16/2016

REGION V RESPONSE STATUS:
- **RRCC:** Watch / Steady State
- **IMAT:** Red
  - **Collateral IMAT:** Alpha
- **LNO:** Cornelius Miller
  - Two (2) LNOs are deployed to the Michigan SEOC

REGION V SEOC STATUS:
- **Illinois:** Partial Activation (*Flooding*)
- **Indiana:** Partial Activation *(Avian Influenza)*
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS)**:** No active alerts.
- Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing to report.

SIGNIFICANT WEATHER (NWS, SPC)**:** An extreme arctic air mass will move into the Region this evening which will result in dangerous wind chills over the next 72 hours across Minnesota, Wisconsin, northern Illinois, northwest Indiana, and western Lower Michigan. Combined with northwest winds of 10 to 20 mph, wind chills indexes will range between 10 to 40 degrees below across affected areas. Wind Chill Advisories remain in effect for most of Minnesota and Wisconsin until Monday Sunday and Monday afternoon. A Wind Chill Warning is in effect for portions of south central and western Minnesota 1200 CST Sunday. Additional warnings and advisories may be issued for portions of northern Illinois and northwest Indiana over the next 24 hours.

- **Michigan:** Snow showers will develop later this evening across the western portion of Lower Michigan and will increase in intensity after midnight and continue through Monday. A Winter Weather Advisory remains in effect until 0900 CST Monday for portions of the Michigan Upper Peninsula and western Lower Michigan. Total snowfall in the advisory area could reach up to 6 to 10 inches from Saturday night through Monday morning with locally higher amounts possible. Wind chills will range from zero to 10 below from tonight into Monday.

HYDROLOGIC CONDITIONS (AHPS): There are 4 gauges in Moderate Flood stage in the state of Illinois, all gauges continue to recede with no significant impacts reported.

FIRE CONDITIONS (SPC): Nothing to report.

DECLARATION REQUEST:

Michigan – Emergency Declaration Request (Under Review)

- On January 14, 2016, the Governor requested an Emergency Declaration as a result of contamination and damage to the public water system beginning on April 25, 2014, and continuing
- The Governor is specifically requesting the Individuals & Households Program & Emergency Protective Measures (Category B), including Direct Federal Assistance under the Public Assistance program for Genesee County

Michigan – Major Disaster Declaration Request – Expedited (Under Review)

- On January 14, 2016, the Governor requested an expedited Major Disaster Declaration as a result of contamination and damage to the public water system beginning on April 25, 2014, and continuing
- The Governor is specifically requesting Individual Assistance & Public Assistance for Genesee County and Hazard Mitigation statewide

TRAINING EVENTS:

FEMA Region V Daily Situational Awareness Report
DATE: 1/19/2016

REGION V RESPONSE STATUS:
- **RRCC:** Watch / Steady State
- **IMAT:** Deployed to MI SEOC (with elements of collateral IMAT Alpha)
- **LNO:** Cornelius Miller
  - LNO deployed to the Michigan SEOC

REGION V SEOC STATUS:
- **Illinois:** Partial Activation (*Flooding*)
- **Indiana:** Partial Activation *(Animal Health Emergency)*
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS): Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing significant to report.

SIGNIFICANT WEATHER (NWS, SPC): Cold high pressure is expected to drift slowly to the east as temperatures will begin to moderate, but remain well below-normal across much of the Midwest. By Wednesday, lake effect snow showers are expected to continue downwind of the Great Lakes, but gradually diminish across most areas Tuesday and Wednesday. Meanwhile a wintry mix, with accumulating ice (up to .1 inches), is possible over the lower Ohio Valley. This system is also expected to bring about precipitation (about 1.5 inches) to the lower Mississippi Valley late Wednesday into early Thursday.
- Winter Storm Watch is in effect for far-southern Illinois tonight through Wednesday morning. Snowfall up to 3 inches with periods of sleet and icing are forecast.
- Winter Weather Advisories are in effect from late tonight until Wednesday afternoon across southern Indiana, southern Illinois, and southwestern Ohio. Advisories are also in effect until tomorrow afternoon for southwestern Lower Michigan with lake effect snow ranging from 3-5 inches.
- Lake Effect Snow Advisories are in effect until 1900 CST today for northeastern Ohio. Snow accumulations of 4+ inches are possible with west wind gusts up to 25 mph.

HYDROLOGIC CONDITIONS (AHPS): Flood Warnings, Watches, and Advisories remain in effect in Illinois and Michigan due to previous rainfall and ongoing ice jam flooding. In Illinois, two (2) river gauges are at Moderate Flood stage and is forecast to recede to Minor Flood stage by Saturday morning; no significant impacts reported.

FIRE CONDITIONS (SPC): Nothing to report

REGION V DISASTER SUMMARY:
- **Disaster Declarations:** FEMA-3375-EM provides emergency assistance for water, water filters, water filter cartridges, water test kits and other necessary related items for a period of no more than 90 days for Genesee County.
- **Declaration Requests:** None
- **PDA Requests:** None

TRAINING EVENTS:

- **Jan 21**: Reconstitution Planning Workshop; Chicago, IL
- **Feb 9:** CPR, AED, First Aid, Bloodborne Pathogens; Chicago, IL
- **Feb 9-11**: L212 Hazard Mitigation Application Development; Chicago, IL
- **Feb 16-17**: REP Core Concepts Course (RCCC); Chicago, IL
- **Feb 17-18**: L-213 Application Review, Indianapolis, IN
- **Feb 17-19**: REP Plan Review Course (RPPR); Chicago, IL
- **Feb 29-Mar 1**: REP Core Concepts Course (RCCC); Manitowoc, WI
- **Mar 1-2**: L-276 Benefit Cost Analysis, Indianapolis, IN
- **Mar 2-4**: REP Plan Review Course (RPPR); Manitowoc, WI
- **Mar 3-4**: L-214 Hazard Mitigation Assistance Implementation & Closeout
- **Mar 21-24**: REP Exercise Evaluator Course (REEC); Madison, WI
- **Mar 25**: REP Exercise Controller Course (RECC); Madison, WI
- **Apr 4-7**: L580 Emergency Management Framework for Tribal Governments; Leech Lake Band of Ojibwe, Minnesota.
- **Apr 18-21**: REP Exercise Evaluator Course (REEC); Springfield, IL
- **Apr 22**: REP Exercise Controller Course (RECC); Springfield, IL

EXERCISE EVENTS:

FEMA Region V Daily Situational Awareness Report
DATE: 01/20/2016

REGION V RESPONSE STATUS:

- **RRCC:** Watch / Steady State
- **IMAT:** Deployed to MI-3375-EM
- **LNO:** Cornelius Miller

REGION V SEOC STATUS:

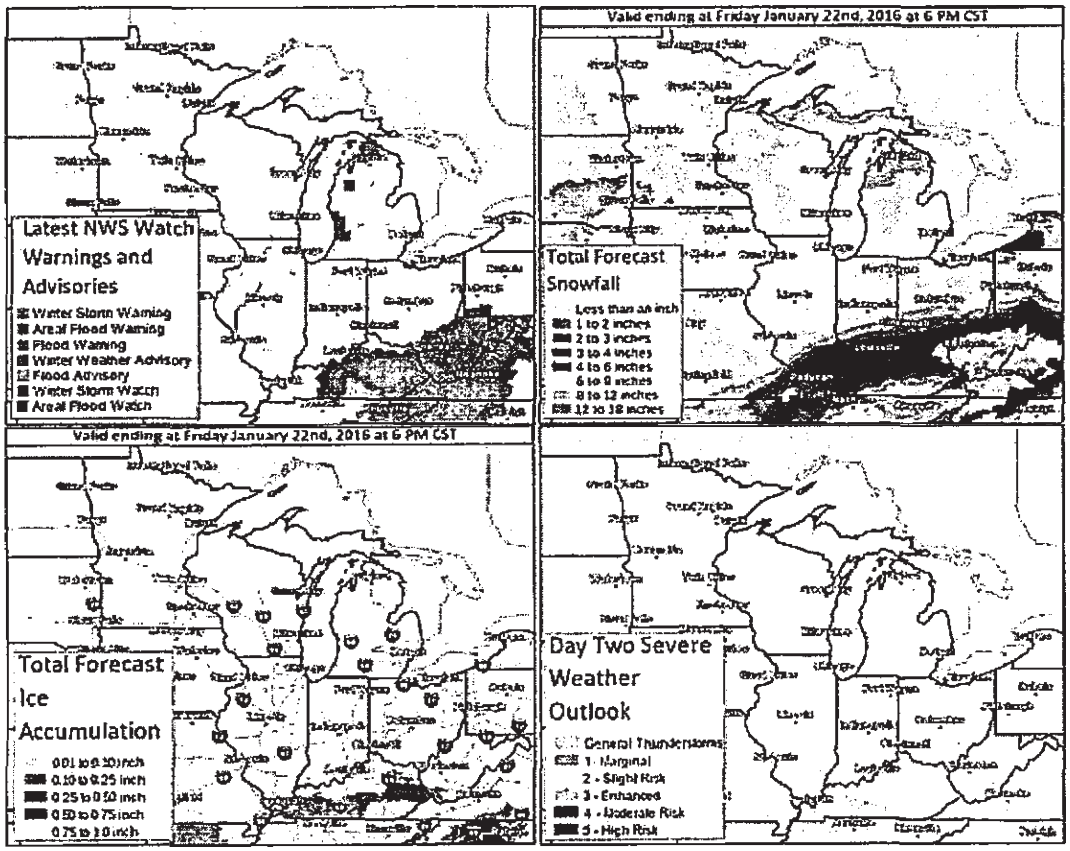
- **Illinois:** Partial Activation *(Flooding)*
- **Indiana:** Partial Activation (*LPAI Outbreak)*
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS)**:** Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing significant to report.

SIGNIFICANT WEATHER (NWS, SPC)**:**

- **Today:** Some additional scattered snow showers will continue across the Great Lakes and Ohio Valley Regions this afternoon and evening, however no significant accumulations are expected. In Lower Michigan, near Lake Michigan, two Winter Weather Advisories are set to expire by mid-afternoon; an additional 2 to 3 inches of snow will be possible there.
- **Looking Forward:** A winter storm will move through far southern portions of Region V late Thursday into Saturday evening. In southern Ohio, 6 to 8 inches of snowfall is expected, while in far southern Indiana and Illinois, about a .10 of an inch or more of icing will be possible. Winter Storm Watches have been issued for small parts of southern Indiana and Ohio beginning late Thursday into Saturday evening.



HYDROLOGIC CONDITIONS (AHPS): Flood Warnings, Watches, and Advisories remain in effect in Illinois and Michigan due to previous rainfall and ongoing ice jam flooding. In Illinois, two (2) river gauges are at Moderate Flood stage. They are forecast to recede into Minor Flood stage by Saturday morning. No significant impacts have been reported.

FIRE CONDITIONS (SPC): Nothing significant to report.

REGION V DISASTER SUMMARY:

- **Declaration Requests:** None

FEMA Region V Daily Situational Awareness Report (DSAR)
DATE: 01/25/2016

REGION V RESPONSE STATUS:

- **RRCC:** Watch / Steady State
- **IMAT:** Deployed to MI SEOC (MI-3375-EM)
  - IMAT Bravo deployed to Flint, MI (MI-3375-EM)
- **LNO:** Cornelius Miller

REGION V SEOC STATUS:

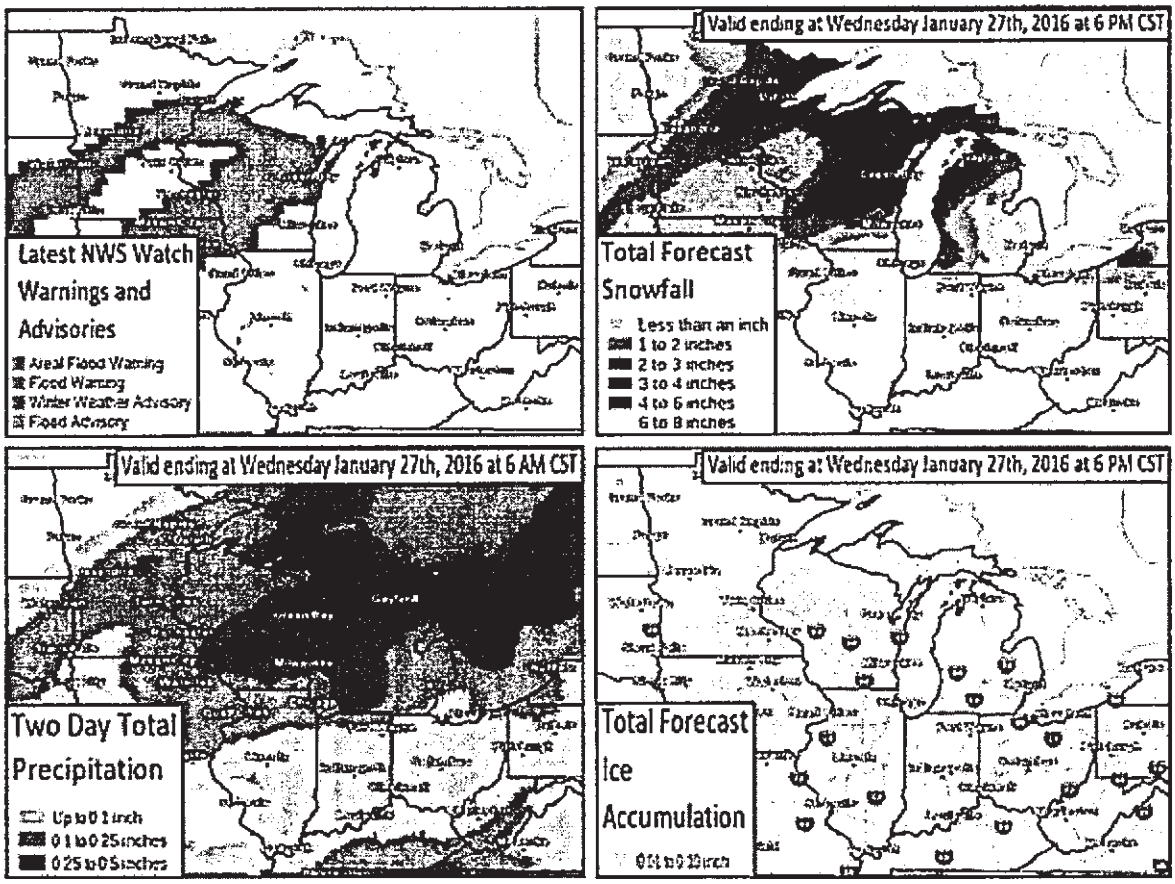
- **Illinois:** Partial Activation *(Flooding)*
- **Indiana:** Partial Activation (*LPAI Outbreak)*
- **Michigan:** Full Activation *(Water Emergency)*
- **Minnesota:** Normal Operations
- **Ohio:** Normal Operations
- **Wisconsin:** Normal Operations

NATIONAL TERRORISM ADVISORY SYSTEM (DHS): Bulletin (12/16/2015 – 06/16/2016)

NOTEWORTHY EVENTS: Nothing significant to report.

SIGNIFICANT WEATHER (NWS, SPC):

- **48 Hour Outlook:** A low pressure system is forecast to bring accumulating snow and icing to the Upper Midwest and the Great Lakes. Today and tomorrow, snowfall, freezing rain and a wintry mix are forecast for Region V. Accumulating snowfall between 1 to 6 inches is expected over parts of Minnesota, Wisconsin and Michigan, with light icing between .01" to .10" across southern Minnesota, Wisconsin and Upper Michigan. A light glaze of ice could result in difficult travel conditions on untreated surfaces, especially during rush hour traffic. There is a Winter Weather Advisory in effect until midnight in Minnesota and 0600CST tomorrow morning across Wisconsin.



HYDROLOGIC CONDITIONS (AHPS): Flood Warnings and Advisories remain in effect in Illinois due to rainfall and ice jamming. In Illinois, two river gauges are at Moderate Flood stage. No significant impacts have been reported or are forecast.

FIRE CONDITIONS (SPC): Nothing significant to report.

REGION V DISASTER SUMMARY:

- **Declaration Requests:** None
- **PDA Requests:** None
- **Disaster Declarations:** FEMA-3375-EM provides emergency assistance for water, water filters, water filter cartridges, water test kits and other necessary related items for a period of no more than 90 days for Genesee County.

Captain,
Thank you for passing along the offer to consider an outside contractor to assist with managing the volunteer component of the Flint effort.

The Red Cross is doing a great job of setting up a plan for managing and supporting volunteers. MCSC has been working with them and we are here to support their efforts.

We will reach out to the individual listed to understand better what they were offering and examine the technology platform they suggested.

At this time, we will continue forward with the plan to have Red Cross provide the support. But, we are always open to listen to new ideas.

I hope you are holding up okay. We will have to sit down and talk sometime to catch up.

I am including Ginna and the MCSC staff now involved – as Ginna will be the point for the MCSC decisions/direction (per her email yesterday) here on out. So, far the volunteer efforts are coming along well. And the Red Cross has stepped up to take the point/lead on it. They have covered what has been asked. The VRC will happen Wednesday, and we're

looking to confirm volunteer demands as they are revealed and planned and to define long-term solutions, as well. That piece will be critical to determine (what plans that need volunteer support are in the works and for how long).

All interested parties should reach out to the Red Cross for volunteer opportunities. If things change we will keep you posted. I know the State and County police are also working door-to-door, as is DHHS. I see the other interested parties below that could be engaged.

A couple of thoughts come to mind as you deal with this crisis.
1) I've attached the overview of the company we discussed on the phone. I think their technology could really help you get your arms around this project.

Contact info

Joe Bielawski
Knowledge Services
joe_bielawski@knowledgeservices.com
:ell
317-806-6199 office

2) The Freedom Fund has a couple of really good logistic people (Steve Sachs, Tony Daunt and yours truly). We volunteer to be of assistance as you manage through this. We stand ready to jump in wherever you need us.

3) Seems to me there are lots of opportunities to engage other volunteers in this process. Our friends at the Home Builders, Plumbers and Mechanical contractors could be asked to send trained people to install those water filters. Our friends at U of M or MSU med school could send volunteers to test all kids in Flint for lead etc. Maybe somebody is already on this front but the administration has tons of friends that can be deployed.

I hope I haven't overstepped my bounds.....you know me....I'd way rather ask forgiveness than permission :-)

Yell if we can help

Terri

Captain,
Thank you for passing along the offer to consider an outside contractor to assist with managing the volunteer component of the Flint effort.

The Red Cross is doing a great job of setting up a plan for managing and supporting volunteers. MCSC has been working with them and we are here to support their efforts.

We will reach out to the individual listed to understand better what they were offering and examine the technology platform they suggested.

At this time, we will continue forward with the plan to have Red Cross provide the support. But, we are always open to listen to new ideas.

I hope you are holding up okay. We will have to sit down and talk sometime to catch up.

Good Morning Tony.

Flint is getting a lot of press on the lack of assistance due to the water contamination. We were ask by our SBA Headquarters in Washington if the Governor's office was aware of the Economic Injury Program for businesses that could be declared by SBA with the appropriate letter of request and documentation by the Governor. We advised our Administraion that the SBA information was provided to Michigan. If you have not provided SBA information to Director Col. Kristie Kibbey Etue, please advise her so that the Governor's office can be alerted..

Please know that SBA is here to assistant within our authority with this incident.

Subject: Flint - Water contamination ---- Sample Package for Economic Injury Disaster Loan Declaration from SBA

Good Morning Tony,

We reached out to Jim Porcello who provided your name as a contact for SBA to provide information on SBA's program that may provide loan assistance to the Businesses of Flint due to the water contamination. Generally, under federal law, only natural disaster are eligible for disaster declarations; however, SBA has a program which the Governor certifies that at least 5 businesses in the disaster area suffered SUBSTANTIAL ECONOMIC INJURY as a result of an incident. The water contamination in Flint may fall into this category.

Under CFR 123.2 - What are disaster loans and disaster declarations?

It reads: "SBA offers low interest, fixed rate loans to disaster victims, enabling them to repair or replace property damaged or destroyed in declared disasters. It also offers such loans to affected small businesses to help them recover from economic injury caused by such disasters. SBA also offers interim guaranteed disaster loans, in participation with financial institutions, to affected small businesses ("IDAP loans"). Disaster declarations are official notices recognizing that specific geographic areas have been damaged by floods and other acts of nature, riots, civil disorders, or industrial accidents such as oil spills. These disasters are sudden events which cause severe physical damage, and do not include slower physical occurrences such as shoreline erosion or gradual land settling. However, *for purposes of economic injury disaster loans only,* they do include droughts and below average water levels in the Great Lakes or on any body of water in the United States that supports commerce by small businesses. Sudden physical events that cause substantial economic injury may be disasters even if they do not cause physical damage to a victim's property.

Past examples where SBA has issued a declaration include ocean conditions causing significant displacement (major ocean currents) or closure (toxic algae blooms) of customary fishing waters, as well as contamination of food or other products for human consumption from unforeseeable and unintended events beyond the control of the victims. Recently in the state of Ohio we provided assistance for the toxic algae blooms. (attached is the Governor's letter as a sample).

The Flint incident is man-made, studies indicate high levels of lead beyond the standard level, similar to water testing and results toxic algae bloom cited in the justification for the Ohio declaration. Small businesses, including restaurants that are now dependent on Flint Water may be economically impacted and eligible to apply for SBA loan assistance, if the Governor requested and received an SBA declaration.

The process may seem confusing; we are available to answer questions and assist you with the documentation and hopefully help keep it simple.

We are forwarding the documents for SBA to consider a request for an Economic Injury Disaster Loan (EIDL) declaration. In a disaster event such as the Flint water contamination, the state determines that there is sufficient major damage to businesses to justify a Governor's Certification to SBA. Note that general economic downturn would not be grounds for EIDL declaration.

Attached is the documentation needed for the Governor to request an SBA Economic Injury Declaration.

The first two documents are the Estimated Disaster Economic Injury Worksheet with instructions. The State may use this form to assist in gathering the information from individual businesses to see if there is sufficient economic injury to request a declaration. The State normally sends this form to the County Emergency Manager for completion by each business (the County may call the business and get the information). This information is used to complete the second document (Governor's Certification of Economically Injured Small Businesses by County). These documents are not forwarded to SBA. An instruction sheet also attached.

The next document is a Governor's Certification of Economically Injured Small Businesses by County which must be completed and attached to the Governor's request letter.

The next document is a Governor's Certification Instruction Sheet for an SBA Economic Injury Declaration Request.

The last document is a sample letter of a Governor's letter for an SBA Economic Injury Declaration request.

For clarification, the businesses only may seek assistance for economic injury. Substantial economic injury occurs when a business concern is unable to meet its obligations as they mature or to pay its ordinary and necessary operating expenses. Loss of anticipated profits or a drop in sales is not considered substantial economic injury for this purpose. However looking at a drop in sales, the length of time the business will be impacted, the type of business and typical business cycle of the industry, gives us the quickest way to determine if the injury is substantial.

Please do not hesitate to call. We will be happy to review your documentation, provide samples and review the letter for your prior to submission to Governor.

Please let us know if you have any questions.

Subject: RE: Flint bottle collection sites (recycling)

Correction on the prior email:
Apparently, the Food Bank location on Lapeer Rd operated by Young's is currently NOT a public bottle collection site. It is only open to the Food Bank.

Young's was not even aware of that themselves (even though they are the ones providing the equipment and disposing of the bottles), and they are trying to work out this issue with the Food Bank.
There is a chance they will become public, but at this time, they are not.

Capt. Kelenske,

Here the six bottle collection sites:

Young's Environmental Cleanup:
Bill Carr Signs, 719 W. 12th St., Flint (8 a.m. – 4 p.m., M - F) Young's Environmental Offices, 5305 N. Dort Hwy., Flint (8 a.m. – 6 p.m., M - F) Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint (8 a.m. – 4:30 p.m., M – F)

Schupan Recycling – available daily 9 a.m. – 9 p.m.:
Fire Station #1 310 East 5th St.
Fire Station #5 3402 Western Rd.
Fire Station #8 202 East Atherton Rd.

Young's sites are already running. They joined our recycling group yesterday and the sites will be advertised with JIC news releases related to recycling.
Fire Station/Schupan sites are being established at this time. Trailer at Station 1 was delivered yesterday, trailers at stations 5 and 8 should have been delivered this morning, but I haven't received confirmation yet.

Residents will be able to bring empty bottles in clear, seethrough bags to those stations. Schupan will provide bags with information on how to collect the bottles at Fire Stations 1,5, 8 starting later in the week.

Please let me know if you have any additional questions.

Here the six bottle collection sites:

Young's Environmental Cleanup:
Bill Carr Signs, 719 W. 12th St., Flint (8 a.m. – 4 p.m., M - F) Young's Environmental Offices, 5305 N. Dort Hwy., Flint (8 a.m. – 6 p.m., M - F) Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint (8 a.m. – 4:30 p.m., M – F)

Schupan Recycling – available daily 9 a.m. – 9 p.m.:
Fire Station #1 310 East 5th St.
Fire Station #5 3402 Western Rd.
Fire Station #8 202 East Atherton Rd.

Young's sites are already running. They joined our recycling group yesterday and the sites will be advertised with JIC news releases related to recycling.
Fire Station/Schupan sites are being established at this time. Trailer at Station 1 was delivered yesterday, trailers at stations 5 and 8 should have been delivered this morning, but I haven't received confirmation yet.

Residents will be able to bring empty bottles in clear, seethrough bags to those stations. Schupan will provide bags with information on how to collect the bottles at Fire Stations 1,5, 8 starting later in the week.

Please let me know if you have any additional questions.

Hi Gloria,

I wanted to flag this letter that Sens. Peters and Stabenow and Rep. Kildee send to Gov. Snyder urging him to request the availability of SBA disaster loans for Flint which are long-term and low interest.

We have been talking to the Flint Chamber to help identify impacted businesses. If we can be of any assistance in facilitating this request ASAP please let me know. Thanks!

knowledge services

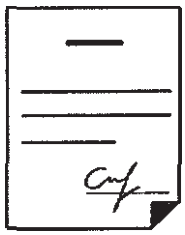
Organizations must continuously evolve to meet their dynamic challenges and complex needs. As a single source, a Managed Service Provider (MSP) can effectively and efficiently manage an organization's temporary workforce. MSP programs minimize risk, provide increased governance and controls, reduce turnover, offer quality candidates, increase process efficiencies, provide reporting and deliver cost savings. A successful MSP delivers:

VENDOR MANAGEMENT

- Conduct conference calls and vendor forums with training sessions to facilitate recruitment process
- Recruit, identify and assess prospective vendors
- Ensure vendors are in compliance with parameters of contracts

PROCESS MANAGEMENT

- Provide a single point of contact for clients
- Facilitate interview scheduling, on-boarding and off-boarding activities and urgent issues to automate the management of the temporary labor supply chain
- Recommend solutions to any issues raised by clients, as well as review processes on an ongoing basis to identify proactive ways to improve efficiencies

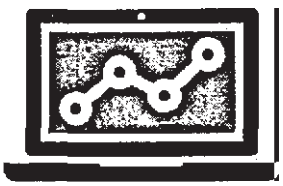


ACCOUNT/CONTRACT MANAGEMENT

- Delivers the tools for temporary labor cost management
- Consolidates billing for all temporary labor and outsourced contractors
- *Ensure contractual scope of work is delivered (according to performance metrics/SLAs)*

COMPLIANCE/GOVERNANCE

- Validate full range of Federal and State regulation drive compliance requirements
- *Confirm vendors are paying all required State and Federal taxes (unemployment, etc.), as well as meeting minimum State insurance requirements (e.g. Worker's Comp)*



ADMINISTRATION/REPORTING

- Ensure contractual scope of work is delivered (according to performance metrics/SLAs
- Deliver training to clients, vendors and resources
- *Provide standard ad hoc and quarterly reporting to clients/vendors*
- Enhance workforce decision support through data analytics and reporting

Partnering with an MSP allows organizations to make strategic decisions that significantly impact their bottom line.

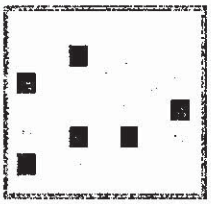
www.KnowledgeServices.com | info@KnowledgeServices.com

SOLUTION:

To meet this challenge, solutions must operate across enterprises, lines of responsibilities and technologies and must serve both a broad range of needs and business interests. Knowledge Services' proven government solution includes:

ELECTRONIC FORMS AND RECORDS

- Reduces inefficiencies, paper consumption, and storage and mailing costs
- Capable of both "connected" and "disconnected" creation and completion
- Includes secure cloud storage



INTERACTIVE CALENDARING & SCHEDULING

- Web-enabled and mobile accessible calendaring and scheduling portal
- Security-driven appointment/assignment calendar visibility and request portal
- Automated notifications for event confirmation, delays and/or rescheduling
- "Panic"/emergency notification systems
- Customizable group communications

EXPERIENCE RATING SYSTEMS

- Empowers parents/guardians with provider/facility/healthcare worker ratings
- Identifies performance-driven training needs
- Leads to improved outcomes

COLLABORATION PORTAL

- A secure, web-enabled communications platform providing peer-to-peer, vendor-to-professional and Agency-to-vendor communications
- Electronic records storage and retrieval, topically-driven instructions and reading recommendations, industry-relevant news and helpful community information

LOCATION VALIDATION/ASSIGNMENT DIRECTIONS

- Provides efficient destination routing
- Up-to-date traffic and congestion information
- Assignment location, date, time and duration reporting
- Provides fully validated billing activity

BUSINESS INTELLIGENCE REPORTING & PREDICTIVE ANALYTICS

- User configured management dashboard
- Results-driven trending and pattern metrics
- Actionable reporting

Flint Water Emergency Damage Assessment Summary

Document Content

- On January 7, 2016, Lt Roach received a correspondence sign by Peggy L. Nolte, Genesee county Equalization Director titled "City of Flint – Water Emergency – Damage Assessment." The letter was copied to Jamie Curtis (Genesee County Board of Commissioner Chair), Robert Pickell (Genesee County Sheriff), and Karen Weaver (Mayor, City of Flint).

- The topic sentence states "This memo is being drafted to give an overview of the process used to compile data for the City of Flint water emergency."

- The second paragraph states "The possibility of lead in water service lines to residences is of major concern to the city of Flint."

- The document explains the methodology used to develop a series of estimates to replace components of the City of Flint water distribution system.

- The total for replacement of "Private Damage Estimates" is $54,619,500.

- The total for replacement of "Public – Flint City Water Main Estimates is $712,800,000.

- The "Grand Total Damage Estimates" is $767,619,500.

Recommendation

- The third bullet acknowledges the central issue to the damage assessment process – exactly what constitutes damage in this event? "The possibility of lead in water service lines to residences" statement can be extended to perhaps every urban water distribution system in the US.
- Does the whole water system actually need to be replaced? If this is determined to be the case, the assessment provided can be used as is.
- Until further assessment is complete, the estimate provided can only be used as a worst case scenario.
- Given the level of distrust, it is highly questionable that the City of Flint will accept anything less than replacement of the entire system. Lead solder joints and pipes have been present in the system since its construction and have apparently met federal standards. Under the circumstances, a third party needs to become engaged in the process. This party needs to be the highest level authority on drinking water quality available – the Environmental Protection Agency (EPA). The EPA routinely becomes engaged in emergency response and recovery following major events such as the Deepwater Horizon and Enbridge oil spill events. The EPA is, in fact, the final authority in the US. Any organization other than the EPA will be called into question. If a private consultant provides an analysis, another consultant will provide a contradictory opinion. Ultimately, needless effort, and more importantly, wasted time where citizens are subjected to the possibility of lead in water service lines to residences can be avoided.

Flint Water Lead Project

Michigan Department of Health and Human Services
Situation Report for December 22, 2015

****NOTE: Contains potentially Identifiable Information- REDACT AS INDICATED****
New items for the day listed first and in bold print.

Daily Briefing and Situation Report prepared by Linda Dykema

Surveillance Indicators: People Tested 10/1/2015 to 12/4/2015: 2,182;
Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 23
Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 13
Severity Indicators: Hospitalized/Discharged-1/1; Deaths- 0

DAILY ACTIVITY SUMMARY

Elevated Blood Level (EBL) Environmental Investigations – ETC Contractors, Wes Priem, Courtney Wisinski

- **11 EBL investigations completed.**
- **4 EBL Reports Received.**
  - **4 homes with lead dust hazards**
  - **3 homes with lead in soil hazards**
  - **4 homes with lead-based paint hazards**
  - **1 home with lead detected in tap water**
- **8 investigations scheduled.**
- **5 applications received for the Lead Safe Homes Program, 1 family enrolled.**
- **HHS staff will accompany contractors on investigations to confirm compliance with protocols. Scheduled for 1/6/16.**

MDHHS/Genesee County Health Department (GCHD) Case Management (CM) Services – Nancy Peeler

- **CM report through 12/11/15:**
  - **# of contacts attempted: 181 (0-5 year olds) and 11 (6-17 year olds)**
  - **# offered CM: 109 (0-5 year olds) and 6 (6-17 year olds)**
  - **# CM started: 24 (0-5 year olds) and 2 (6-17 year olds)**
  - **# of children receiving CM who live in Flint: 24 (0-5 year olds) and 2 (6-17 year olds)**
  - **# billed to Medicaid: 13 (0-5 year olds) and 1 (6-17 year olds)**
  - **# other disposition: 23 (0-5 year olds) and 1 (6-17 year olds)**
- **Third case management nurse trained 12/22/2015.**
- **CLPPP has sent information to the other health departments; we have not yet heard back from all of them regarding their success in reaching the families.**

Epidemiology/Surveillance – Corinne Miller, Patti McKane, Martha Stanbury, Bob Scott, Jessica Cooper, Karen Lishinski

- Public health staff discussed methods to align Medicaid and public health case definitions re age.
- Pending: hiring 2 epidemiologists to provide BLL surveillance support.
- Pending: Approval of amended IRB application submitted in support of the data use agreement with Dr. Hanna-Attisha.
- Preparing 2014 lead surveillance data by Michigan zip code in response to media requests.

Filter & Water Distribution Sheryl Thompson

- Obtaining several pallets of bottled drinking water donated by South Carolina, as well as "cans" of water that can be used for bathing, toileting, cleaning only.
- Total Distribution since October 1, 2015
  - 11,232 Water Filters
  - 229 Water Pitchers
  - 1,258 Replacement Cartridges
- GCCARD distribution at December 12, 2015 Health Fair at Bethel United Methodist Church
  - 12 Filters
  - 17 Replacement Cartridges
  - 2 PUR replacements
  - 1 Pitcher
- Between December 11 and December 14, 2015 GCCARD and DHHHS distributed:
  - 78 filters
  - 6 pitchers
  - 53 replacement filters
- Replacement filters will be distributed to all sites that previously received Zero Water Pitchers.

Communications/Information Sharing – Linda Dykema, Eden Wells

- **HHS internal briefing held 12/22/15 because of upcoming holidays.**
- **GCHD/HHS call held 12/22/15 because of upcoming holidays.**

Health Education Resources Updates - Michelle Bruneau, Emily Houk

- **Aerator cleaning fact sheet approved for publication.**
- Continuing to write and coordinate additions to the EBL Case Manager Binder, now known as the MDHHS Lead Safe Family Guide Book. (MB)
- Awaiting Communications Office approval on Phosphate Fact Sheet (MB)
- Pending: Filter cartridge changing fact sheet; clarifying uses of filtered/vs unfiltered water (MB)
- Pending: Lead and Nutrition fact sheet and Flint Parent Letter revisions.

Toxicology - Kory Groetsch, Lisa Quiggle

- Gathering information on impact of phosphate dosing on water filters.

WIC

- Letter sent 11/24 to GCHD about Ready-to-feed formula availability from WIC program

Healthcare/Providers

Dr. Eden Wells met with the medical directors of the Medicaid Health Plans to stress the need for blood lead testing with emphasis on infants less than 1 year of age.

DEQ Information - Linda Dykema as Liaison

- Water samples will be collected at Flint public high schools during the winter break as school sports schedules had precluded earlier testing.
- 9-10 private and/or charter schools have requested water testing.

MICHIGAN ECONOMIC
DEVELOPMENT CORPORATION

January 26, 2016

The Honorable Debbie Stabenow
United States Senator
133 Hart Senate Office Building
Washington, D.C. 20510

The Honorable Gary Peters
United States Senator
2 Russell Court Senate Office Building
Washington, D.C. 20510

The Honorable Dan Kildee
United States Representative
227 Cannon House Office Building
Washington, D.C. 20515

Dear Senator Stabenow, Senator Peters, and Congressman Kildee:

I would like to respond to your correspondence to Governor Snyder dated January 22, 2016. Thank you for taking the time to share information regarding a disaster declaration from the U.S. Small Business Administration (SBA). We are aware that SBA disaster loans may provide assistance to eligible businesses, homeowners, renters and non-profit organizations.

At present the State of Michigan Emergency Management and Homeland Security Division is working with the local jurisdiction and SBA on this and other assistance options. Within the Michigan Economic Development Corporation we have staff assigned to assist the City of Flint directly with economic development assistance and federal grant technical assistance. We have pulled an inventory of resources and are working in concert with the State Emergency Operations Center to ensure alignment and rapid deployment of this much needed assistance. We will do all we can to help Flint households and businesses mitigate the impact of the water crisis. Additional information is available via http://www.michigan.gov/flintwater.

Sincerely,

Steve Arwood
Chief Executive Officer

Cc: Captain Chris A. Kelenske, Deputy State Director of Emergency Management and Homeland Security, Michigan State Police

Congress of the United States

Washington, DC 20510

January 22, 2016

The Honorable Rick Snyder
Governor of Michigan
PO Box 30013
Lansing, MI

Dear Governor Snyder,

We write to urge you to immediately engage the Small Business Administration (SBA) to request a disaster declaration from Administrator Maria Contreras-Sweet which will allow eligible businesses, homeowners, renters and non-profit organizations impacted by the ongoing water crisis in Flint to apply for SBA disaster loans.

Disaster Loans are low interest, long term loans that are available to households, businesses or other organizations located in declared disaster areas that have suffered substantial economic injury or physical damage. As the Governor, you are able to request either a physical disaster or an economic injury disaster declaration. To receive a physical disaster declaration you would need to make a showing that least 25 homes or businesses have sustained uninsured losses of 40% or more. If the Administrator makes this declaration, homeowners, renters, businesses and non-profits in primary and contiguous counties could apply for disaster loan assistance. To receive an economic injury disaster declaration, you will need to certify that at least five small businesses in the disaster area have suffered substantial economic injury as a result of the disaster. Under an economic injury disaster declaration, eligible businesses would be able to apply for up to $2 million in long term, low interest loans, depending on their circumstances. These loan proceeds can then be directed to working capital needs like making payroll or replacing inventories. We have heard from some impacted firms that have experienced disruption to their operations due to the events stemming from the decision to alter Flint's water supply. This decision and its ensuing economic impact has only exacerbated economic challenges that were already confronting the hard working Flint community.

We urge you to begin the process of due diligence to identify the appropriate course of action given the declaration criteria above. We urge you to work with local stakeholders to make this determination of which kind of declaration is appropriate given the fast moving situation on the ground in Flint. We have already made the SBA aware of the issues identified for us by our constituents and time is of the essence. We strongly urge you to execute the required due diligence and subsequent formal request submission in order to speed the consideration process at the SBA.

The full impact of the unacceptable, man-made crisis in Flint will not be knowable in the near term. What we do know is that the crisis is affecting Flint's economy. It is critical that you prioritize this request for a disaster declaration so that all of our constituents can assess whether a disaster loan is appropriate for their home, business or organization and submit their applications. Disaster Loans are not silver bullets that will cure all of the economic ills impacting Flint, but they can be helpful components of a broader recovery strategy which will require sustained commitment from you and your Administration. We stand ready to provide any support that you may require in your ongoing response to this unfortunate series of events, but we urge you to begin this process immediately to help Flint households and businesses mitigate the harmful impact of the water crisis.

Sincerely,

Debbie Stabenow
U.S. Senator

Gary Peters
U.S. Senator

Dan Kildee
U.S. Representative

To: Roach, Billie Jo (MSP)
Cc: Katarsky, Anthony (MSP); Covey, Gabriel (MSP)
Subject: Re: Flint EOC

That is a state agency so i am not sure why they have a state agency responding to the local EOC. There are some changes with the dhhs structure so that may have some bearing. Why is county health not the one responding?

Sent from my iPhone

On Jan 4, 2016, at 7:23 PM, Roach, Billie Jo (MSP) <RoachB@michigan.gov> wrote:

> Hello Capt., I received this email from Chris and I am not sure why Sandi Mose will not send anyone to the table. Being DHHS has been involved for quite some time, I did not think it would be an issue. Do you have any insight on this? Thanks, BJ
>
> Dear LT Roach,
>
> The initial PDA meeting has concluded and I am at somewhat of a loss on why DHHS is not being 'allowed' to participate until an official request is routed through the State. In the Genesee County Emergency Action Guidelines (Pg. 84) it specifically delineates DHHS as the agency responsible to report to the EOC during activation. In fact, the signatory on page 84 is the one telling me that she is not being allowed to respond to my request...
>
> I am currently in the County EOC and the computers are acting strangely due to a pushed update from the County IT Department. In the Governor's request assistance in a number of areas is requested, and is presented in ESF format. I am not sure why this is necessary due to the DHHS signing the Genesee County EAG and acknowledging that they are the responsible governmental agency for Human Services within the County. I have attached the County EAGs, County declaration, and Governor's request.

Good morning, Lt. Russo and I have had constant contact with . His issue is with the city of Flint. I just spoke to him again and he confirmed the DEQ team that went to his house took a water sample as well as the rep from the city of Flint. feels the city is covering something up. He advised they were digging near a fire hydrant by his house after they visited him and then quickly covered it back up. I am working with Wendy, our city of Flint rep in the EOC. Wendy contacted Rob at the Water Dept. Rob is one of their water experts. Rob is going to have the closest hydrants to house flushed, however, Rob feels the problem with ; water is due to an internal plumbing issue. I will follow-up with ' ref the hydrant flush to see if it improves anything. I will also have Mark Duscharme, DEQ, check on water test as well as the faucet. BJ

Mark

We gave him a sample bottle for him to collect his own sample. Brian was going tell him to do that also. It does not work for us to try and sample since the system needs to be dormant fir at least six hours.

If you want you could call him and ask if he collected a sample yet. I will be back at the EOC on Monday.

Scott

Here is the string of emails.

's faucet was collected by Lt. Russo/Roach, I checked with Mark Durno to see if EPA could test it, Mark said no problem and it was taken to the EPA command post.

In a follow up discussion here at the UCG, I was told that the faucet had typical build up that needed to be cleaned out.

Brian,

The water sample was not collected using the proper protocols for residential home sampling. Because of that we do not want it to be part of the overall database. If it is not useful to EPA then please just dump the sample and recycle the bottle. Thanks.

Scott Schaefer

Subject: RE: Flint resident- needs help/ water resources

Scott/Mark Ducharme,

The faucet looks like a normal faucet; no black debris or slime. Based on pervious discussions with the Test America there is not enough material to test.

Also, the water sample dropped off with the faucet is the grab type that needs to go to the state lab. Do you want us to bring it to the county EOC or drop it off at a fire station?

This moringna at 10:00 am I had contact at .
Accompanied by Elevated Lead and Copper Initial Assessment Task Force #11 with UA 370 P@P Dale Collins, MDEQ Environmental Advisor Pisha Williams and MDHHS Health Advisor Carly Adams.

Dale Collins inspected his kitchen faucet and water meter. He advised ıas galvanized plumbing. He also stated there is black debris in the hose from the sink faucet.

ɔrovided the faucet head to Pisha Williams MDEQ, who placed it in a plastic bag and took possession of it. She advised she would have the head tested. Also taken from the residence was a water sample.

UA 370 Collins advised they would schedule a visit next week to install a new faucet.

also added he believes the water pump station located a few residence from his house is tainted with debris from the Flint river. He believes when the water was supplied from the Flint river it corroded the screen/filter at the local pumping station causing it to provide black tainted water. The pumping station is located at Chevrolet and Stevenson.

Subject: RE: Flint resident- needs help/ water resources

Brian,

The water sample was not collected using the proper protocols for residential home sampling. Because of that we do not want it to be part of the overall database. If it is not useful to EPA then please just dump the sample and recycle the bottle. Thanks.

Scott Schaefer

Scott/Mark Ducharme,

The faucet looks like a normal faucet; no black debris or slime. Based on pervious discussions with the Test America there is not enough material to test.

Also, the water sample dropped off with the faucet is the grab type that needs to go to the state lab. Do you want us to bring it to the county EOC or drop it off at a fire station?

This moringna at 10:00 am I had contact at
Accompanied by Elevated Lead and Copper Initial Assessment Task Force #11 with UA 370 P@P Dale Collins, MDEQ Environmental Advisor Pisha Williams and MDHHS Health Advisor Carly Adams.

Dale Collins inspected his kitchen faucet and water meter. He advised Duty has galvanized plumbing. He also stated there is black debris in the hose from the sink faucet.

provided the faucet head to Pisha Williams MDEQ, who placed it in a plastic bag and took possession of it. She advised she would have the head tested. Also taken from the residence was a water sample.

UA 370 Collins advised they would schedule a visit next week to install a new faucet.

also added he believes the water pump station located a few residence from his house is tainted with debris from the Flint river. He believes when the water was supplied from the Flint river it corroded the screen/filter at the local pumping station causing it to provide black tainted water. The pumping station is located at Chevrolet and Stevenson.

Brian,

The water sample was not collected using the proper protocols for residential home sampling. Because of that we do not want it to be part of the overall database. If it is not useful to EPA then please just dump the sample and recycle the bottle. Thanks.

Mark

We gave him a sample bottle for him to collect his own sample. Brian was going tell him to do that also. It does not work for us to try and sample since the system needs to be dormant fir at least six hours.

If you want you could call him and ask if he collected a sample yet. I will be back at the EOC on Monday.

Here is the string of emails.

faucet was collected by Lt. Russo/Roach, I checked with Mark Durno to see if EPA could test it, Mark said no problem and it was taken to the EPA command post.

In a follow up discussion here at the UCG, I was told that the faucet had typical build up that needed to be cleaned out.

Subject: RE: Flint response - Civil Rights

As you know we ended last week addressing the continued perceptions of the no-ID-no assistance issue culminating in the issuance of the No ID Required press release. I have asked that this be translated into Spanish even though it is targeted at the media – getting it into the hands of advocates will go a long way in demonstrating our commitment. At that time through the emails we were receiving from advocates I started running many of these issues to ground. Through discussions with Lt. Roach, United Way and Genesee County Sheriff I learned that the three favored sites in Flint (Our Lady of Guadalupe, St. Mary's, and the Hispanic Technology & Community Center) were all past or current participants and have received water, filters and cartridges, and continue to receive those materials.

In reaching out to Our Lady of Guadalupe I "reconnected" them to services and over the weekend they alone handed out over 100 filters. I also explained the rationale behind the original ID/address request – only to identify where we stood as far as canvassing and needs assessment, and explained the teams on the ground, the speed at which they are working, and that address-service information was being logged similar to that of the PODS. On Monday, I connected Our Lady with GIS to add these addresses the appropriate service-contact map.

Today in a conversation with MSP-PIO in response to continued social media and a crowd-source fundraiser, I contacted the chair at the Genesee County Hispanic Latino Collaborative (who is coincidentally also the Ex. Dir. For the Hispanic Technology & Community Center and is co-located in St. Mary's) and let her know we have heard the communities concerns and have been working on solutions and reference our work over the weekend with Our Lady. I gave her the same background as to address collection and material distribution, offered her my contact information and let her know she shouldn't be shy in reaching out.

In each instance I have stressed that in my professional observation everyone is committed to getting help to the community and that the perception of risk in asking for help is well understood. I let her know that as advocates they are the most important connection we have to the community and I have asked each to help us find and address the concerns of anyone who is apprehensive of governmental contact/assistance. If they need a plumber I will find them a plumber...

To address the trust/language barrier I have explained that 2-1-1 does have interpreters for 180 languages available within 60-90 seconds and that we are working on translation or have translated the sampling kit instructions, palm cards/door hangers, and continue to work toward translating additional materials. I have also recommended that they themselves commit to providing needed assistance in bridging that cultural and communications divide (something they are doing anyway) through their own canvassing or service as volunteers through the regular Red Cross channels. But most importantly, I have asked that they help us learn about the specific instances of difficulties or challenges that anyone in the community, regardless of language or documentation, is facing so we can find the appropriate resource or personnel here to fix the problem. From their responses I believe we are going to see a considerable swing toward a re-engaged and trusting segment of the community. The problem throughout though is fighting the "well I've heard" chatter that just doesn't hold true or is unverifiable. I think that now that they have a point of contact we will see that they start to self-police rumors and will work with us to fix problems.

All that being said, I learned just today that pre-paid minute phones cannot dial 2-1-1 which presents an enormous problem given their widespread use in the city. I have forwarded the alternate number to Our Lady and the Genesee County Hispanic Latino Collaborative, for dissemination in the community. I've asked the MSP-PIO to let the JIC know that this may be something that requires a more official communication (which would include translation).

I hope that addresses the concerns. Unfortunately, overcoming the issue of mistrust is going to be just as recurrent a problem across the spectrum regardless of effort or resources – that's what defines a crisis.

SSB Captains

The below email provides instruction and the attachment is the MSP personnel assignment for the next two days.

Please ensure that all personnel under your command who volunteered and have been assigned receive this information.

I very much appreciate those that volunteered for this assignment.

Additional information will follow on carpooling.

Subject: Flint Water Detail

Attached is a list containing the names of those approved to participate in the Flint Water detail. In order to minimize travel time, location of the volunteers was considered. Each Bureau is responsible for notifying their respective staff members and arranging for carpooling to Flint.

Attire: Appropriate attire for the weather conditions. Jeans are allowable. MSP uniforms including fatigue uniforms are prohibited. Military Surplus attire or attire that could be mistaken as that of the National Guard shall not be worn.

All individuals assigned to work as the Water Response Team in Flint shall report to the Genesee County EOC by 9 am on Thursday and/or Friday.

Location:
Genesee County Administration Building
1101 Beach St
Flint, MI 48502
In the basement or level "G" if someone used the elevator
Parking is available at Trinity Church, on the corner of Beach and Eighth. It is two blocks southeast of the Admin Building.

Lunch will be served at the EOC, Genesee County Admin. Building.

Each enforcement member should bring their assigned radio.

This is the message that was sent to each Bureau.

The way I see it, we would need uniform troopers assigned on Thursday and Friday just for the MSP personnel.

I do not know the commitment of personnel you have from other areas requiring uniform troopers to be assigned to.

Please confirm the numbers and ensure the request is made to FSB.

Thank you

As you may be aware, the Department of Health and Human Services has secured funding to purchase water filters for residents of Flint who are currently connected to the Flint City Water System, supplied by the Flint River. The GCCARD will be receiving an initial shipment of filters for distribution Monday. I would like to convene a meeting Monday morning to discuss the logistics of distributing these filters, as well as a system for tracking. Given your position in the community and relationship with DHHS, it would be extremely helpful if you could attend this meeting so we can get direction on this distribution. We will be meeting at 8:30 at 4809 Clio Road. I will be attending the meeting convened by the United Way at 10:00, and would like to share our plan at that time. Please feel free to contact me on my cell phone, for more information.

Thank you,
Elizabeth Hertel
MDHHS

FYI – This is what was stated and said to the MLive reporter yesterday.

From: Leix, Ron (MSP)
Sent: Tuesday, December 15, 2015 10:07 AM
To: 'rfonger1@mlive.com'
Subject: Flint Water Inquiry

Hi Ron,

Sorry I missed your call. Your voicemail somehow made its way to our secretary's mailbox. Sadly, she had a death in her family and your message sat in her voicemail inbox yesterday afternoon.

A Michigan State Police, Emergency Management and Homeland Security staff member was notified about a FEMA reserve of water that was about to expire. FEMA often provides nonprofit agencies this type of water. The nonprofit is only liable for the shipping costs.

Spl/Lt. B.J. Roach is our third district emergency management coordinator, which covers Genesee County. She put the United Way and the Food Bank of Eastern Michigan in touch with FEMA. From my understanding, the United Way paid for the shipment of the water for the Food Bank of Eastern Michigan. Those two nonprofits are in a better position to say who paid for what.

Spl/Lieutenant Roach has been working with Genesee County Emergency Management officials about the situation in Flint. In fact, she's been working with local officials since this became an emerging issue.

On another note...

Since your inquiry, Flint Mayor Karen Weaver has declared a "local state of emergency" due to the water issues. When a mayor or chief executive official makes a local emergency declaration, he or she is activating their community's emergency operations plans and administering local aid and assistance, as well as issuing directives.

A "local state of emergency" from a municipality or county doesn't mean state or federal assistance is coming. It's like a red flag, letting everyone know there's a problem.

The Flint Emergency Management program is incorporated into the Genesee County Emergency Management program. If additional assistance is requested, the city will have to make a request to the county. If county and city resources are overwhelmed, they would make a request for state assistance.

At this time, we have not received any requests for state assistance through the Michigan Emergency Management Act.

ATTACHED: Emergency or Disaster Declaration Process Fact Sheet

You'll have to inquire with Flint officials about what emergency response efforts are underway due to the emergency declaration (e.g., like staffing their emergency operations center, public information center, working with the county, activating emergency response plans, etc.). They would be in a better position to answer those questions.

Please let me know if you need anything else.

Thanks,

Ron

Subject: Re: Flint Water Interagency Coordinating Committee - DRAFT EO - Review and response requested by COB today.

The following whereas statement implies the Governor declared and emergency absent any actions from the locals.

"WHEREAS, municipal water in the City of Flint showed elevated lead levels after the City of Flint switched its water source to the Flint River causing the Governor to issue a proclamation declaring a state of emergency on January 5, 2016; and"

I suggest inserting some of the following language from the Governor's emergency declaration either in the whereas above or as a stand alone statement before this whereas:
"WHEREAS, from October 1, 2015 to this date, the County of Genesee and the City of Flint have taken a number of actions to cope with the situation, including but not limited to, switching back to the Detroit water system on October 16th, declaring local states of emergency, activating the emergency response and recovery aspects of their emergency operations plan, marshaling and distributing required resources on a city-wide level, and issuing emergency public information and bulletins; and"

Best,
Harvey

> Hello, I just spoke to Jen Boyer. She too is highly frustrated with the lack of communication and lack of an open EOC. Jen has talked to Tamara Brickey, Genesee Co Health Dept, more than once ref opening their EOC. Tamara has been resistant to that idea. Jen has offered the use of her EOC but that idea has been rejected or not accepted. Jen has talked about daily briefings but once again not accepted. In Flint, the Mayor (or designee) is the CEO and first in line during a disaster/emergency. We all know the Mayor has not declared. The Sheriff does not communicate with the Board Chair, Jamie Curtis, but has supposedly contacted two other Board members ref Jen's /county's involvement. They are hesitant to get involved due to the lack of declaration by the city. This whole process is very political and frustrating. It seems like no one wants to step up because if something goes wrong they will take the blame. I still think they hope the "State" swoops in the fix everything. I would like to go to the meeting Tuesday and really beat the drum ref an EOC being opened and daily briefings being held. Even though the issues have been brought up more than once, they aren't getting it. I was present when Jen talked to Tamara ref daily briefings and her response was basically she did not have daily info to put out. I guess I need to try to be more "persuasive" – no worries I will do it in a tactful manner. Will you please see if I can be excused from the Forum Tuesday so I can take a run at this?? I know you all are frustrated too. Please advise. Thanks, Bj

Subject: Re: Flint Water Issue - Rep. Kildee Letter Received By Federal Agencies

Thanks for this update.

Sent from my iPhone

On Sep 28, 2015, at 8:19 PM, Kelenske, Chris (MSP) <KelenskeC@michigan.gov> wrote:

DHHS just advised me there have been discussions with Nick Lyon and the Governor's Office on this issue. DHHS also advised me that DEQ was involved and DHHS would probably be the Public Health Advisor in Flint this week ... not sure exactly what that will mean.

F/Lt Covey spoke to Jen Boyer, the Genesee County EM, and reported the following:

- This is the first she has heard about the Kildee letter.
- She mentioned that a year ago she was aware of a letter that was written to Governor Snyder.
- To her knowledge, the water in Flint is still meeting EPA standards.
- She mentioned that the infrastructure (including residential homes) is old and may be part of the problem, not just because water is from the Flint River.
- She believes the city could connect to the county system if needed.
- The city is supposed to be connecting to a new pipeline from Port Huron in the spring of 2016 which will provide a solution, but the city infrastructure will still require repair.
- She reported The Detroit water system knew Flint would one day connect to this new pipeline, so they raised rates 50%.

Tomorrow Tony Katarsky will speak with our mitigation offices on potential use of 4195 (SE MI disaster) mitigation funds and if they could be used to assist with infrastructure fixes. There is a 25% local match to the federal funds.

Attached is the FEMA response to Rep. Kildee. He may not get it for a couple of days but I told FEMA I wanted a copy and it just came through. Please hold it within the Governor's Office and this group for situational awareness so we do not get ahead of FEMA. FEMA advised him that local or private sector resources would be more expedient and practical.

Chris

Subject: Flint Water Issue - Rep. Kildee Letter Received By Federal Agencies
Importance: High

Attached are two documents for your information: 1) A letter from US Representative Kildee to Craig Fugate of FEMA, HHS, EPA, and CDC and 2) a PowerPoint on Flint water concerns. Essentially, Representative Kildee is requesting FEMA take action to resolve potable water quality issues associated with the Flint water system.

This is the first we heard of the letter and I actually found out from the FEMA Region V Director when he called me about an hour ago. He and I discussed a few things on this and he will respond advising they need to work through the local EM system in MI (engaging the local EM and then EMHSD). They also are working through the local health department as I confirmed with Dr. Scott from DHHS. If Flint needs water or want water the first step is to handle it locally (at least on the EM side and then push up any gaps they cannot fill to us). We are not aware of any work the local EM has done in this regard. I will be with the FEMA Region V Director as well as the FEMA Administrator, Craig Fugate, this week if they have questions.

I have advised Dr. Jackie Scott from DHHS and will be sending her the letter and ppt.

Question for the JIC:

We'd like to revisit the idea of including the PIO from the Flint-Genesee Chamber of Commerce in the JIC. Captain Kelenske strongly supports this concept to keep the locals involved in the response and recovery process. It was understood in the original request that there wasn't "enough room" in the JIC for another person. Are their some other options to get him engaged? FEMA is also endorsing this idea. Please see the below thread for any additional on this topic.

Thanks,
Gabe

De Witt Communications

December 3, 2015

TO: Rich Baird

FR: Chris De Witt

RE: Flint Water Advisory Task Force

Thank you for requesting a proposal from De Witt Communications to provide communication consulting services for the Flint Water Advisory Task Force (FWATF).

De Witt Communications will provide services outlined below in the "Scope of Work". Consultant will devote such business efforts and time as is reasonably required to fulfill the outlined services. It is anticipated that the Consultant will devote a minimum of 60 hours per month to this project.

Scope of Work

De Witt Communications proposes to assist the FWATF in the following:

1. Development and coordinating of overall strategic messaging
2. Serve as media contact and spokesperson
3. Assist in the writing and distribution of documents such as reports and press releases
4. Attend meetings, conferences and interviews
5. Coordinate media information distribution
6. Media Training as needed
7. Editorial Board meeting coordination
8. Assist with Community Forums
9. Develop and maintain media contact information
10. Press conference preparation and implementation

Other items may be added to the "Scope of Work" if all parties agree.

Retainer information:

Project time frame: December 2015 – February 15, 2016

Project retainer: $25,000

Payment Schedule: To be determined

Mailing address: De Witt Communications, P.O. Box 4952 East Lansing, MI 48826

Email address: chris@dewitt-communications.com

Phone: 517-339-1700 (office)

If you have any questions on any of the above items, please contact me.

Again, thank you for this opportunity to assist the Flint Water Advisory Task Force.

Gary K. Johnson, M.D., M.P.H., Medical Director

How does lead get into my tap water?

Under typical circumstances, lead will dissolve into the water. The concentration of lead in drinking water can vary greatly, depending on the corrosiveness of the water, the type and age of the plumbing materials and the length of time that the water stands in the pipes. The highest levels of lead occur when very corrosive water stands motionless in lead or lead soldered pipe for long periods of time.

How do I know if my tap water is contaminated with lead?

The only way to know whether your tap water contains lead is to have it tested. You cannot see, taste, or smell lead in drinking water. There are different sampling methods for sampling lead in drinking water. To determine your household risk, it is recommended to take a first draw sample.

Does lead in my tap water cause health effects?

Lead can cause damage to the brain, red blood cells and kidneys. The greatest risk is to young children and pregnant women. Amounts of lead that won't hurt adults can slow down normal mental and physical development of growing bodies. Lead in water can be a special problem for infants, whose diets may be mostly liquids, such as baby formulas or concentrated juices mixed with water. Smaller bodies can absorb lead more rapidly than bigger ones. A child's mental and physical growth can be permanently harmed by too much lead. Risk will vary, depending on the individual, the circumstances, and the amount of water consumed.

What can I do to reduce or eliminate lead in my tap water?

Flush your cold-water pipes by running the water for approximately 5 minutes. The longer the water has been sitting in the pipes, the more lead it may contain. You can fill containers for later use, after the flushing process. Use only water from the cold-water tap for drinking, cooking, and especially for making baby formula. Hot water is likely to contain higher levels because it dissolves more lead.
You may choose to install a water filter that is NSF-certified for lead removal. If a water filter is installed, replace filters at least as often as recommended by the manufacturer.

Buy a lead-free faucet. The legal definition of "lead-free" still allows brass faucets to contain up to 8 percent lead. However, faucets marked with "NSF 61/9" and/or "California Proposition 65" meet stricter limits. Regularly clean particles from faucet aerators.

Is it safe to take a bath or shower, if my water has high lead levels?

Yes. Bathing and showering should be safe for you and your children, even if the water contains lead over EPA's action level. Human skin does not absorb lead in water. This information applies to most situations and to a large majority of the population, but individual circumstances may vary. Some situations, such as cases involving highly corrosive water, may require additional recommendations or more stringent actions.

Who do I contact for more information?

The local water authority is always your first source for testing and identifying lead contamination in your tap water. You can visit the City of Flint Website at www.cityofflint.com or contact the Flint Water Department at 810-787-6537.

WWW.EPA.GOV

WWW.MDEQ.GOV

Flint Water Advisory Task Force

Gov. Rick Snyder created the Flint Water Advisory Task Force to review action regarding water use and testing in Flint and to offer recommendations for future guidelines to protect the health and safety of all state residents. The independent advisory task force is assigned with creating an unbiased report focusing on steps taken in the past and recommendations that could improve practices to ensure all residents have access to safe, clean water.

Background

- In April 2014, the city of Flint moved from purchasing water from the Detroit Water and Sewer Department and began processing Flint River water. Several local and state issues surfaced about the quality of the processed river water, including high lead levels caused by the water's corrosiveness. This caused state and local officials to go back to purchasing water from the Detroit Water and Sewer Department.
    - Water and health experts have found that the high lead levels were caused by corrosive water leaching lead particles from older water services lines, negatively affecting the health of children.
- On Oct. 1, 2015, the Genesee County declared a "Public Health Emergency." As of Dec. 8, 2015, this type of emergency is still in effect.
- On Oct. 15, 2015, Gov. Rick Snyder signed a bill (Public Act 143 of 2015) to direct funding to the city of Flint's emergency water services to reconnect the city's water supply to the Great Lakes Water Authority until the Karegnondi Water Authority pipeline is completed.
- On Oct. 21, 2015, Gov. Rick Snyder announced the creation of an independent advisory task force charged with reviewing actions regarding water use and testing in Flint and offer recommendations for future guidelines to protect the health and safety of all state residents.
- Other Michigan water-related issues:
    - Gov. Rick Snyder declared a "state of emergency" on April 17, 2014, for Marquette County due to the damage caused by the bitterly cold temperatures and deep frost levels. On May 7, the emergency declaration was amended by the MSP to include Charlevoix, Cheboygan, Chippewa, Delta, Emmet, Gogebic, Luce and Mackinac counties. To date, the state of Michigan has provided more than $7.6 million in assistance to communities through the Michigan Strategic Fund and $1.8 million through the Disaster and Emergency Contingency Fund.
    - On Aug. 2, 2014, the city of Toledo issued a water ban due to high levels of microcystin found in water samples. In Monroe County, the water ban affected more than 30,000 residents in the city of Lunda Pier and Bedford, LaSalle and Erie Townships.
    - In February and March 2015, extremely cold temperatures froze water service lines at homes in Muskegon Heights. Some were without water until temperatures warmed in the spring. Although potable water was available, some individuals resorted to thawing outside snow for drinking water.

Recommendations

The Emergency Management Performance Grant (EMPG) program provides grant funding to assist state and local government in obtaining resources for emergency management activities, including strengthening a state or community's emergency management program.

The water problem and the health issue in the city of Flint is a terrible situation for everyone involved. Every day, we expect clean and safe water to come from our taps. Steps have been taken by state and local official to ensure citizens have safe and clean water at their homes, including obtaining water from a reputable source and providing filters to remove the lead.

To date, federal, state and local government and many nonprofit organization have provided money, filters or staff expertise to ensure Flint residents have clean and drinkable water. Through a whole community approach, all stakeholders are working together to bring Flint back to a state of normalcy with a timely recovery.

The city of Flint is not unique to this type of problem. All across Michigan, infrastructure is aging and many communities have older water mains and service lines. Within the last two years, the state of Michigan has encountered several emergency cases where citizens were unable to count on drinking water in their homes, creating widespread health and safety issues.

To help better problem-solve this emerging emergency situation, as well as craft an after action report from the city of Flint's water crisis, Gov. Rick Snyder has appointed the Flint Water Task Force.

Using the Flint case as an example, this task force will assist with recommendations for response and recovery plans in the event of a water emergency or disaster, strengthening the state of Michigan's emergency management capabilities, including recommending:

- Additions to include state and local emergency plans for a water-related health emergencies and disasters.
- Forming a whole community approach to water-related emergencies and disasters, including emergency management, health and nonprofit agencies, and businesses.
- Required training for water-related emergencies and disasters.
- Exercises that engage the whole community during a water-related emergency or disaster.

As a part of that effort, the task force will have a Public Information Officer (PIO) position. This position will be 25 percent funded by EMPG dollars and assigned the following responsibilities:

- Development and coordinating of overall strategic messaging
- Serve as media contact
- Assist in the writing and distribution of documents such as reports and press releases
- Attend meetings, conferences and interviews
- Coordinate media information distribution
- Media Training as needed
- Editorial Board meeting coordination
- Assist with Community Forums
- Develop and maintain media contact information
- Press conference preparation and implementation

FOC-SAT

Priority 1
Pregnant (PG) Formula Feeding (FF), and Breastfeeding (BF), CSHCS households in target zip code areas (to be determined)

Execution:

Key Locations

Team	Assembly Area	Hours of Operation
OGCS/MSP	LEOC Genesee County Administration Building	0830-1600

	1101 Beach St, Flint	
ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Critical Task: Assemble, coordinate, and monitor WRTs

OGCS/MSP Process:

1. Assign team leaders, team members, and routes to teams
2. Team Member check in
3. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings (refer to OGCS_MSP WRT Volunteer Assembly Information V2.0_011816 for detailed information on volunteer processing at LEOC)
5. Provide training to new team members
6. Issue vest and badge to team members
7. Execute morning distribution assignment
8. Lunch served between 1230-1330
9. WRT OIC and Team Leaders midday brief
10. Execute afternoon distribution assignment
11. Conduct post-deployment debrief with team leaders and members
12. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
GCSO/MSP	0 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

- OGCS/MSP WRTs lunches will be provided by the ARC and coordinated by LEOC Logistics.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

December 2014

Fact Sheet

Emergency or Disaster Declaration Process

The Michigan Emergency Management Act (Public Act 390 of 1976, as amended) outlines the emergency management process for the state of Michigan. If an incident exhausts state resources, the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 USC §§ 5121-5207) establishes the process for requesting and obtaining a presidential disaster declaration and assistance from the federal government.

STEP BY STEP: Emergency or Disaster Declaration Process

1. Disasters are first and foremost local events. Most disasters are handled by local government with minimal or no state assistance. At the onset of a disaster or emergency, local emergency responders, joined by volunteers and the private sector, are the first to be involved.

2. A local jurisdiction may declare a "Local State of Emergency" exists when they have sustained widespread or severe damage, injury or loss of life or property. A local declaration ensures the response and recovery aspects of the emergency operations plan have been activated, and local resources are being utilized to the fullest extent possible. Authorities may authorize local aid and assistance.

3. If recovery efforts are beyond the ability of local government, the community may turn to the state to request assistance. All requests for assistance are channeled through the Michigan State Police, Emergency Management and Homeland Security Division.

4. The Michigan State Police, Emergency Management and Homeland Security Division reviews specific requests for state assistance and makes recommendations to the Governor's Office. The Governor's authority, granted by the Michigan Emergency Management Act, may include mobilizing state government agencies to provide necessary support and assistance to local authorities under a "State of Emergency" or "State of Disaster" declaration.

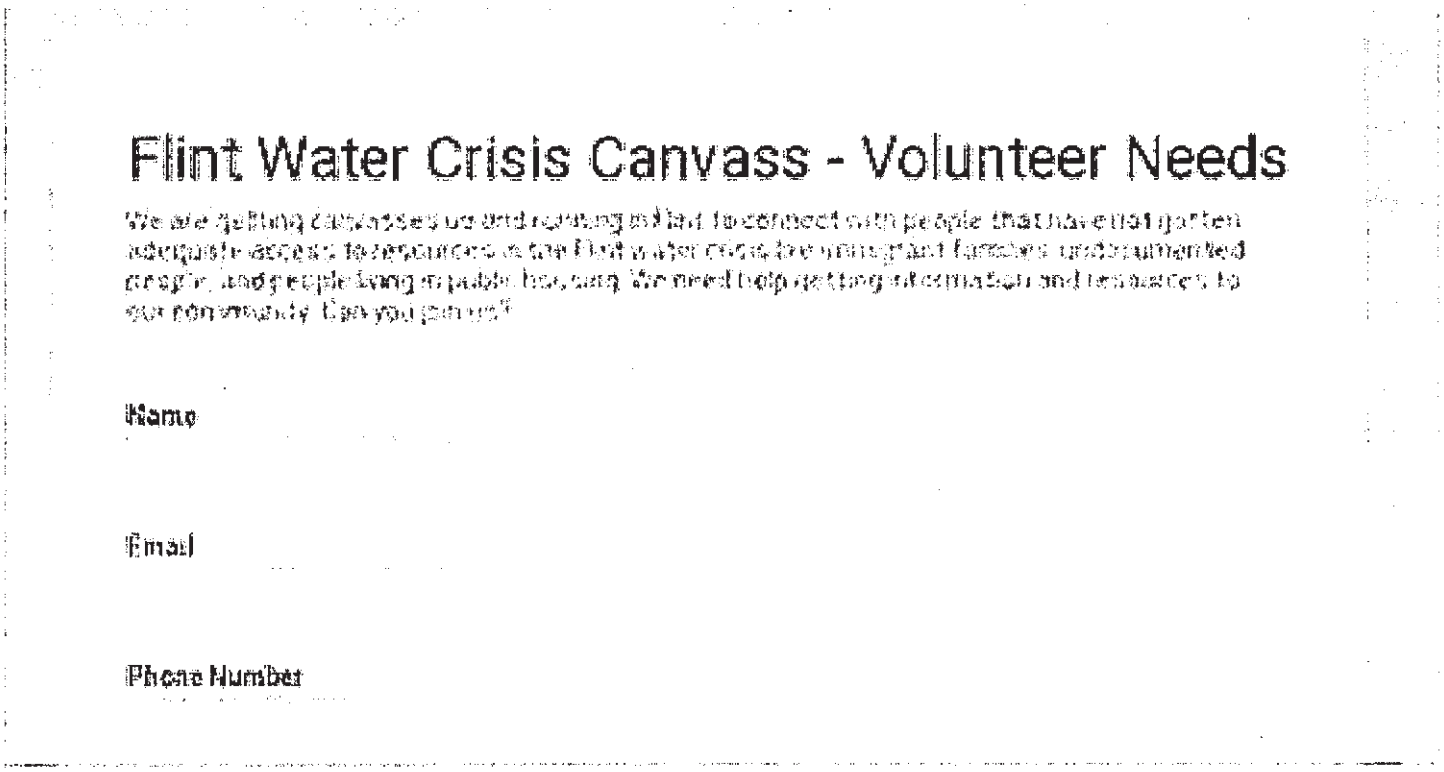
5. If state and local government resources are unable to cope with the emergency or disaster, the Governor may request assistance through the U.S. Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA), Region V Office in Chicago.

6. At the request of the Governor, FEMA may conduct a Preliminary Damage Assessment (PDA) in cooperation with state and local emergency management officials. The results of the PDA will be reviewed by state officials and the Governor's Office and used as a basis for determining whether to request federal financial assistance.

7. Should the state request federal disaster assistance, FEMA will review the request and make a recommendation to the president, who will make the final determination on any disaster aid to be provided to the state. The goal of disaster assistance is not to make individuals, businesses or government entities whole again, but to restore the community to a level that meets expected health and safety considerations.

Some of the most marginalized communities in Flint have not gotten adequate access to information and clean water. The State's response has been inadequate, so Art Reyes III, Nayyirah Shariff, and many others are stepping up and organizing our own communities.

We are in need of people willing to knock on residents' doors and speak with immigrant families, low-income residents, and people living in public housing. We are talking to people about the Flint water crisis, getting language accessible information to those who need it, collecting their stories, and engaging them into a larger effort to come together as a community to work for long term, systemic change. Sign up below to help in this effort. we need as many people as possible to take action. Let me know if you need more details!



Flint Water Crisis Canvass - Volunteer Needs

We are getting canvasses up and running in Flint to connect with people that have not gotten adequate access to resources in the Flint water crisis like immigrant families, undocumented people, and people living in public housing. We need help getting information and resources to our community. Can you join us?

Captain Kolinsky,

Good morning, and I hope this email finds you well.

Per the chain below, NYC Emergency Management is reaching out to see if you would potentially need any assistance from our teams related to the current situation in Flint? We have been working for a quite some time to develop urban models for our commodities distribution and post-emergency canvassing plans, not to mention our partnership with the National Guard in responses.

We know you are in the middle of an emergency and time is scarce, but we would love to speak to you or someone from your organization about the current operations and potential support from some of our folks - informational at this time of course.

(Also, I believe our friends at FEMA Region II are trying to connect us to you via FEMA Region V. I'm not sure via whom though.)

You can contact me at any time.

Best,
-Jonathan Jenkins

Jonathan,

Good to hear from you.

Yes, I do have a contact. COL Tom Perison (former NY Guardsman) is now assigned to the Michigan Army National Guard.

I just spoke to him and he will place you in contact with the right folks.

Break...

Tom - per our discussion, thanks for your help!

John

Hi, Colonel Andonie.

As you know, the City is working hard to plan for a massive distribution mission (Commodity Distribution Point Plan) and also canvassing operations (Post-Emergency Canvassing Operation Plan).

Seems like Flint is experiencing both distribution and canvassing operations right now. And it seems like the Michigan National Guard is involved.

We'd love to potentially offer up some of our key folks to come assist for a few days with their urban water distribution and canvassing missions. Do you have any contacts at the Michigan National Guard or the Michigan State Police Emergency Management?

Thanks,

-JJ

Importance: High

Sir,
The MIARNG CoS hosted a meeting regarding the Plans Team for Mission Flint - I offered to write the summary as he is shooting at other targets right now.

Summary:
RFA has been posted by MSP in the SEOC tasking MING for 4-6 PAX plans team to support DEQ/HHS. Phase 1 is listed below. Phase 1 team will assess and inform COL Houchlei and Col Southworth of Phase 2 requirements for HR/Plans team members.

MING POC for phase 1 team - is LTC Stemitz/COL Roman COL Hiipakka - OIC plans COL Vern - Dep Plans LTC Jackson - Medical Officer

**Those listed above need to make coordination for RSOI with COL Roman ASAP.

NET arrival for Phase 1 is 24 Feb 2016 - NLT arrival for phase 1 is 26 Feb 2016

****

Phase 2 - POC Col Southworth is researching Air Guard Officer/NCO skill sets to fill phase 2.
Plans Officer
Log Officer
HR Specialist

NET arrival for Phase 2 is 02 Mar 2016 - NLT arrival for phase 2 is 04 Mar 2016.

This is a fast moving requirement so time is of the essence -

v/r
COL Durkac

Subject: RE: [Non-DoD Source] RE: POD supply request

Following is a summary of our discussion this afternoon regarding guidance for National Guard personnel providing water at Points of Distribution (PODS).
- Distribution is to be limited to 1 case of water per household.
- If multiple individuals per vehicle indicate they are from separate households, provide each a case of water.
- If an individual indicates they have special needs, direct them to call 2-1-1 or request their address so that water can be delivered.
- If an individual insists on taking more than one case, request they stop, but take no further action.
- The JIC will issue messaging to emphasize the need to limit taking cases of water from PODS as it may impact others in need of water. They will also note there are no plans to close PODS.

Please let me know if you require any further clarification.

Recommend the written guidance be 1 case of water per family or at the distributor's (Soldier's) discretion.

The following scenarios occur frequently at each site:

1. Single person asks for more than one case of water based on family size or states they are picking up for another individual that is not mobile.
2. Two or more occupants in a single vehicle are each asking for multiple cases of water based on family size or state they are also picking up water for another individual that is not mobile.

We have no choice but to accept every request as truthful. Being firm but non-confrontational is a very delicate balance that needs to err on the side of supporting the citizen's request.

Please advise.

v/r

LTC Stemitz

I stand corrected. The distribution has been further reduced to 1 case per the State Director.

Written orders are forth coming from his office.

Please stand by.

Subject: POD supply request

ALCON,

Attached is an updated supply request for the fire station/POD's mission of the FLINT TASK FORCE. Items highlighted in green are those which I am hoping can be considered for local purchase. The list contains items that are needed from National Guard assets as well as civilian assets. My hope is that by making all of this visible and using this email group to inform everyone who is working on what, we increase efficiency and eliminate multiple people working on the same issue without knowing. I will begin updating and submitting this request daily via this email chain so it remains visible. I also ask that any work done in regards to acquiring or shipping these supplies be tracked via this email so all parties involved are aware of progress being made. Once those who requested the supplies take receipt of those supplies, I will update the supply request and let everyone know via this email group.

In addition to the supply request, I am submitting a request to have MDOT visit stations 1, 5, & 8 (POD's 1, 3, and 5) to work with the POD NCOIC's to set up a flow of one way traffic at each station to facilitate a smoother and quicker process of distribution. The assistance from MDOT at stations 3 & 6 (POD's 2 & 4) did help organize the sites and we are looking for a similar response and result at the remaining stations/POD's.

We are also going to need some signs made. I will work on organizing how many of each type of sign each station will need and submit a detailed list as soon as possible. I know there are both military and civilian assets who have mentioned being able to facilitate such a request. Also, depending on local cost, this may be an item that could be made and purchased locally so we can get it implemented at the stations rapidly.

Lastly, due to the new policy of distribution, we are going through water and filters much more rapidly, which, should be evident on both the iPad data as well as the hourly report from each station/POD. Thus, having only 1 dedicated driver

per station/POD may not be enough to keep the sites supplied due to the increased output. Further compounding the issue is that the Flint PD who are responding to the stations to assist are not willing or allowed to stay to actually resolve traffic issues, thus, the roads around the stations/POD's are often becoming dangerous both the citizens and soldiers and are becoming impassable.

I was just informed via the 1-125 IN TASK FORCE FLINT command cell that the stations/POD's are to only distribute (2) cases of water per vehicle. If I could get conformation of that in this email group so everyone knows where that is coming from I would appreciate it.

If anyone has any questions or concerns please let me know.

2Lt Benke, Zachary

POD's mission OIC

January 19, 2016

The Honorable Barack Obama
President of the United States
The White House
Washington, D. C.

Through: Mr. Andrew Velasquez III, Regional Administrator
FEMA Region V
536 South Clark Street, 6th Floor
Chicago, IL, 60605

Dear Mr. President:

I am submitting this letter of appeal in response to FEMA Administrator W. Craig Fugate's letter to me dated January 16, 2016. In that letter, he indicated that the State of Michigan had been denied a Major Disaster Declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act for contamination and damage to the public water system in the City of Flint. I respectfully submit this letter of appeal, in accordance with the provisions set forth in 44 CFR § 206.46, to request a reconsideration of that decision.

Respectfully, I appeal the determination that the event "does not meet the legal definition of a 'major disaster' under 42 U.S.C. § 5122." This unique disaster poses imminent and long-term threat to the citizens of Flint. Its severity warrants special consideration for all categories of the Individual and Public Assistance Programs, as well as the Hazard Mitigation program in order to facilitate recovery.

While the definition under 44 C.F.R. § § 206.2(17) provides examples of what might constitute a natural disaster, I submit that this disaster is analogous to the flood category, given that qualities within the water, over a long term, flooded and damaged the city's infrastructure in ways that were not immediately or easily detectable. Likewise, this disaster is a natural catastrophe in the sense that the contamination arose from the natural decay of Flint's aging infrastructure. These impacts will contribute to years and potentially decades of health problems and economic loss as well as necessary repairs to infrastructure that neither the city, county, or state have the capacity to conduct. A narrow reading of this definition, restricting the hazards to which we can provide relief, does not adequately reflect the intentions of our "all-hazards" approach to emergency management at the federal and state levels.

Given the gravity of the situation and ramifications for urban areas across the United States with pre-1987 constructed water distribution systems, I hope you will determine that providing assistance beyond "appropriate assistance for required emergency measures...to save lives and to protect property and public health and safety" is warranted. As documented in my letter to you on January 14, 2016, the city of Flint has been devastated by job losses and associated economic decline.

As additional support of this appeal, I offer the following information:

<u>State and Local Government Capabilities</u>

The City of Flint, County of Genesee, and State agencies have worked to provide short-term solutions to many problems related to this disaster. However, permanent solutions for much of the public water system damages can only come about with significant federal assistance made available under a Presidential Major Disaster Declaration. While we are grateful for the limited federal assistance provided thus far by FEMA, those efforts are stop-gap measures which do not meet the long-term recovery needs of this disaster for the City of Flint.

Emergency Protective Measures

As indicated in my declaration request, the State made an emergency appropriation to return Flint to Detroit water. The appropriation included several emergency measures which included testing, case management for those affected, and short and long term health care strategies. The state's commitment to those measures was $9.35 million. The City of Flint also committed $2 million, and the Charles Mott Foundation committed $4 million. The State is in the process of approving a second appropriation.

The considerable needs brought about by this disaster greatly exceed the collective funding resources of local and state government. Unless a Presidential Major Disaster Declaration is granted and the Public Assistance Grant Program (PAGP) is activated there will be significant unmet needs as identified in the following areas of impacts. The only other possible option would be a special Congressional appropriation.

Long Term Public Health Threats

Although strides have been made in addressing public health threats brought about by this disaster, there are considerable lingering issues. The ability of a community to recover with such a large percentage of its citizens living in poverty requires the ability of those citizens to acquire proper health care, case management, legal services, and assistance in repairing the plumbing infrastructure in their homes that may have be damaged. Permanent solutions for these individuals and households will not come about in a timely manner without significant federal resources to restore, repair and stabilize their lives.

Damage to Infrastructure

The affected local communities and the State do not have the funding capacity to undertake the repair of an entire public water system. FEMA's PAGP provides the best source of funding for rebuilding these critical public facilities, and that program can only be activated through the declaration of a Major Disaster by the President. Any other Federal programs of assistance would be welcome.

Mitigation

With federal disaster relief, Michigan could provide funding under the Hazard Mitigation Grant Program or PAGP to the affected utility to implement cutting edge measures to mitigate the vulnerabilities of the water system against all types of physical threats. Without such assistance, such measures will not be possible.

Economic Injury

As state Rep. Woodrow Stanley, D-Flint, said yesterday, "Flint is a city without a safety net. We had failing schools before we had a water crisis. We had high unemployment."

As state Rep. Woodrow Stanley, D-Flint, said yesterday, "Flint is a city without a safety net. We had failing schools before we had a water crisis. We had high unemployment."

The economic injury to the affected communities from this disaster is significant. As I indicated in my declaration request letter, impacts including further decreases in property values, lost business activity, loss of employment and further loss in population will severely impact Flint and Genesee County.

As part of the disaster declaration request, I included assistance from the Small Business Administration (SBA) to provide financial relief to the scores of businesses impacted by this disaster. If such assistance were approved, the low-interest loans would provide much needed working capital to many businesses to allow them to continue to operate until their business picks up.

This disaster also comes on the heels of another Major Disaster (4195-DR-MI) that occurred in August of 2014. The state and those nearby counties and local municipalities are still recovering from that event

and now they have another major disaster to deal with, and few available resources to address the significant impacts to the health of the citizens and damages to public facilities.

Direct Federal Assistance
